Just Twenty-Four Hours Before the Exposition Opens.

BY THE BOOMING OF A GUN

will the Formal Opening of the Great Show Be Announced.

THE WORK OF THE THOUSANDS

everybody Straining To Push the Work to Quick Completion.

HOST OF NIGHT WORKERS EMPLOYED

Government Troops Arrived Yesterday and Will Be on the Grounds During the Whole of the Show.

Just twenty-four hours-1,440 minutes mly 86,400 seconds-before the booming of the sunrise gun that tells the dawning of the most eventful day in the history of

A continent waits expectant. Georgia stands on tiptoe and Atlanta holds herself in readiness to show the millions of visitors what southern pluck, energy and enterprise can accomplish. Realizing that this will be the last day before the opening of the great show, the exposition army vil center its forces for a last long pull ind the advance in work will be remark-

rday every feature of the fair was hed forward one notch. Carloads of its were rushed up, unloaded and ed in an hour's time. President Colwand his chiefs were dashing furiously but the grounds scattering advice and ous parts of the grounds but sweeping changes. Everywhere there was puffing and steaming and living and rushing toward the one great

Breaking into the tedious monotony of work during the day came the arrival of two companies of United States troops on the grounds, detailed by the secretary of war and transferred from Fort McPherson barracks, the meeting of the board of government commissioners, the arrival of the Venezuelan exhibit, the coming of the life-saving crew, to be stationed upon the Clara Meer, the appearance of Mexico's exhibit and the first session of the board of directors in their new quar-

ters on the grounds. the night came the flashing of the big earchlight on top of the government building, a great flood of light that poured itself across the horizon and bathed stretch of country for miles about, and the rehearsal of the heterogenous coneration of Midway attractions, with the clanging of the loud instruments in Cairo street, the plaintive songs of the man girls, the gutteral jargon of the contingency, and the gay notes

The crowd that comes tomorrow will not find the grounds nor the buildings, as far as the placing of the exhibits are conerned, exactly complete. Just a few touches, however, here and there and the exposition will be in shape.

Nothing in the department apportioned b Uncle Sam will be behind. All of the exhibits, from the huge lighthouse to the mallest cotton worm, will be in place. The treasury, the agricultural, the educational, the war, the navy, the postoffice and all other departments will be ready. hsonian institution will be finished up today and the rest of the fish expected for the department of the fish commission will rrive this morning.

The mineral and forestry building will in proper form. The last lump of coal or the statistical column will be moved this afternoon, and the precious stones the gem exhibit will receive the last The rough woods, the natural woods, the polished woods, the glazed will be in permanent order.

Down in the machinery hall the four big pumps that supply the electric fountain have been arranged and will be tested today. All of the huge boilers have been fired up for several days, but it required tome time to place exhibits of the character displayed there and a few days will required to install them.

Secause of the delay in the arrival of thibits this work has not progressed as r as it was expected to be in the negro door took on new life and the manufactorof the state seemed to push in all exhibits at once. All of the most prominent dies of Georgia will be represented in this

ture and a creditable show will be the transportation hall a number of anies, large and influential, have been

usly urging on the work, and the om floor, except the space assigned to uela, has already been completed. Louis M. Jove and Senor G. Osio ell, the commissioners from Veneela, will uncase their exhibit this mornand most of the objects will be in

annah and Chatham county have quarters in the gallery of this buildaffording ample and conspicuous in which will be seen a telling dis-

here the waves of Clara Meer

fireworks has been built there is a scene of lively excitement. In the last two or three days the e'ectricity hall has been transformed and there is hope that it will be in some condition on the day of open-

In the manufactures and liberal arts there is a host of eager foreigners straining to have their shipments checked off by the customs department and the customs department is straining to check. The Italian statuary of several exhibitors was unpacked yesterday and "Venus de Medicl" was taken out from the same box occupied by "The Dying Gaul." Mr. Macchi says that he will have all foreign countries prepared for exhibition tomorrow. The Arkansas public schools, the Cincinnati public schools and the Johns Hopkins university, in the gallery of this building, have been arranged, but there is a vast space yet to be filled.

The work on the state buildings has been rearded accomplet. New York which

been retarded somewhat. New York, which comes to the exposition with the most striking structure, will be ready within two weeks. The spacious structure of Pennsylvania is nearing completion. It is a conspicuous building and in a conspicuous pressure of the state o

uous position.

Alabama, with the soothing motto, "Here We Rest," was finished yesterday, and the furniture and exhibits will be placed in Illinois will open her doors in a few days.

Massachusetts is coming and all other buildings on State street are being rapidly

The fine arts building, when the show opens, will have all things in splendid order. As to the Georgia state building it has been completed for the last week and the counties have begun to report. Government Troops Arrive.

Early yesterday morning, in the rear of the manufacturing hall, far over in the favored arena reserved for barbecue, two companies of United States regulars came. Under the command of Captain Randali Companies A and D of the Fifth Infantry regiment were marched into a special train of cars at the barracks and brought immediately to the exposition. Here they will be stationed during the whole of the exposition, having been called out on the order of the secretary of war to serve as a part of the exhibit of the war department during the show. It is intended to show a model camp of United States regulars. The troops will be in command of Cap-tain Randall. Other officers of Company

A are Lieutenant O'Brien, the officer de tailed by the United States to look into Chino-Japanese warfare; Lieutenant Rose and Lieutenant Morrow.

Captain Woodruff, with Lieutenants Chatfield and Heavey, will be in command of Company D. The companies some to the exposition with about fifty-eight men each. The camp is situated in a desirable place, just in the rear of the govern ment building. Both companies are crack organizations and are made up of men who know how to behave. These men have been selected for their soldierly qual-ities and bearing and will represent the army to good advantage during the show. The band has not been moved to the grounds yet but later on it will be trans-

ferred and will give concerts every afternoon. Colonel Kellogg, with his staff, and Lieutenants Liggett and Kimball will take quarters in camp from time to time The rules governing the troops will not be severe and the men will be allowed the full liberty of the grounds with only a few restrictions. They have been ordered to appear in their blue uniforms and helmets.

The Life-Saving Crew. The life-saving crew, a part of the exhibit of the treasury department of the government, arrived yesterday morning and were stationed immediately upon the banks of Clara Meer, where a boathouse and accommodations have been provided

different government stations, and all of them have had many years' service.
Lieutenant Charles H. McLennan, of
the United States revenue cutter service, and the assistant
inspector of the life-saving service, will be in command of the station. He is an offi-cer with a wonderful record, and ranks

high in the department. All of the outfit to be used in the exhibi-tion has arrived and is stored away in the heuse built by the exposition company im-mediately in front of the woman's building on the bank of Clara Meer. It is in this lake that the exercises will

occur. Each morning at the mast that has been placed in the middle of the iake, the wrecking of a ship will take place and the crew hurried out to the rescue. Grap-pling lines will be thrown out and the boats snoved forward. This will be one of the most interesting

features of the fair. Story of a Name.

An energetic, enthusiastic man arrived on the exposition grounds yesterday. They call him McGee-that's all. Some of his best friends call him "No Point" McGee,

and there by hangs a tale.

But this McGee is one of the best known geologists in the government's service, and ranks with the highest ethinologists and essayists. For some reason his parents failed to give him a Christian name, and he grew up under the name of McGee. He was known only by that name at college, and it continued until he was was almost an old man.

When he went into the government ser-wice it was necessary to put on some in-itials that his reports might be proporly fixed out. It is said that this wonderful man cut out all the letters of the alphabet, placed them in his hat and drew two at random. These he selected for his name and since then he has signed himself J C McGee. This became known about the government office, and then his name was published J C McGee, without the periods, for the printers said there was no abbreviation. They call him "No Point" McGee, but he has plenty of pointers when it comes to geology and other scientific

Governor Atkinson on the Grounds. For the first time yesterday Governor Atkinson walked over the exposition grounds and inspected the different build-

He was shown in the government building, and was very much interested in the fish display and in the exhibit made by the reasury department.
"It is a grand show," said the governor.

"I can scarcely appreciate what an im-mense affair it is. Atlanta has undertaken Governor Atkinson was much enthused

Debate About Butler.

BUTLER COUNTY WIPED OFF THE MAP

Brothers Speak Hotly of Each Other. A Sensational Scene on the Floor of the Constitutional Convention.

Columbia, S. C., September 16 .- "When Greek meets Greek, then comes the tug of war." How peculiarly appropriate to the sensational scenes enacted on the floor of the constitutional convention tolay are the above words. The two greatest | propriately decorated in honor of the of the recognized reformed leaders-Tillnan and Irby-along with other stalwarts of the South Carolina political world, became involved in a political controversy that caused Irby to rake Tillman fore and

Fraternal relations were cast to the winds ty the Tillman brothers and time and again the president had to call upon the sergear t-at-arms of the convention and order him to preserve the peace. No such sensational event, it is safe to say, has ever occurred in the state of South Carolina within the past decade. The slumbering volcano began to give forth its premonitory rumblings soon after the speech of ex-Congressman Tillman on Saturday, and during Sunday night these rumblings became louder and more threatening in character. The atmosphere was warm. The mass of brimstone flowed down in ever-increasing volume and the peaceful bosom of the sea of harmony upon the borders of which the delegates have been standing for a whole week was made tunultuous. In fact, harmony was engulfed

vitnessed them will never forget; words were uttered by impassioned men that nothing can ever wipe from the pages of South Carolina history. The Tillman brothers were particularly severe upon one another.

One single word-"Butler"-was the cause

of the whole explosion and the flow of dynamite charged verbal darts that were fred thick and fast.

The whole thing came from George D. Tillman's speech in regard to the establishment of Butler county and the action of the convention in so establishing and of the convention in so establishing of the convention in so establishing and naming the county in the absence of Senator Tillman. The senator was never more bitter, perhaps, in his whote career. Things that he said of General Butler were rough and in the excitement he did not mince his words in speaking of his elder brother. His whole frame as he works excepted to outer with passion. Irspoke seemed to quiver with passion. Ir-by, too, spoke with more energy and passion than he has ever yet been known to

display.
Ben Tillman Waxes Hot. Ben Tillman attacked the character General Butler in strong langauge. He said Butler had disgraced his name. He spoke of his absence when his brother and what I have heard from gentlemen since my arrival as to it, I might have been unable to discuss the matter in cold

Now, however, he could dismuss the matter deliberately from the standpoint of

reason.
"There are reasons of a two-fold character why I would pray God to be delivered from the task, but whenever duty calls me I have answered to the call. It cannot be said that I have ever shirked my duty. I have, therefore, risen, sir. to do justice to the light and to the dead.

e living and to the dead.
Three-fourths of the people of the sec tion composing the new county wanted the name of Saluda. Some have said that the name of Satyua. Some opposed to giving the county the name of that man Butler. Well, that was true, but that was not the Well, that was true, but that was not the greatest reason. Already the news has been flashed far and wide that the reform convention of South Carolina sat down upon the reform legislature of South Carolina, which repudiated Butler and elect-ed me to the senate. They tell you to leave out M. C. Butler in naming the country you cannot divorce the name from M. C. Butler, and it will be heralded from one end of the country to the other that you have repudlated your country.
Talk about names of families. Why have
you no countles named for your illustrious Haine, McDuffle, Hamlin and others? say that this last representative of the say that this last representative of the name of Butler has disgraced it. You will ask how, why and when? I will tell you. We are told that prejudice rose against him because he could not give office to the horde that followed him begging for patronage like hounds after a rabbit. You know whether that is true r not. You have been told, too, that it will be a long time ere this state will be represented by his superior, and that there vas fear that it would be a long time be fore this state would even have his equal here. I don't blow my horn. I only know this, that I have met all my opponents who have fought me as bitterly as man ever was fought on the stump and everywhere that I have been called upon to face them, and the people have expressed their verdict in my honor. can afford to pass by in contempt any com-

vote on Saturday, I can only say that he seems to have pleaded guilty to the charge of inferiority to this person. I here as-sert today that M. C. Butler cannot get 100 votes in his county for any office that he might desire. Who would dare dis-

Irby Replies to Tillman. Senator 1rby said he would not stoop to engage in this debate if he had not been attacked for voting for Butler county.

Speaking of Ben Tillman, he said;
"With his characteristic consistency, after making one of the bitterest speeches of his life, he ends it by saying that he hopes that there will be no factional feeling on this floor. "The gentleman dares to criticise m

"The gentleman dares to criticise me because I dared to exercise the right of a member to vote as I pleased. I did not intend it as a special compliment to M. C. Butler, but I throw back in his teeth that nothing M. C. Butler may do will ever disgrace the name of Butler in South Carolina. It will live (facing Senator Tillman and shaking his finger at him) when you are dead and forgotten. (Loud applause.) I am not the champion of Mr. Butler. I have fought him as earnestly as any man, and no man in this state had more to do with his defeat than I did, but General Butler went down and you had not the and the big stand reserved for the | Continued on Third Column Second Page. | Bu

magnanimity to let him pass and not fol-low him into this convention. We are not here as the adherents of any man, So help me God, I will not vote for any law that will not fit both factions in this

10 PAGES.

state. (Applause.)
"I sincerely regret that the great leader of the people of South Carolina should so far forget himself at the very threshold that the great leader of the people of South Carolina should so far forget himself at the very threshold the people of the preof this convention's session, when it is nreeminently necessary that we should meet as brother Carolinians, that he should undertake to pop his whip over my head. I proudly acknowledge that I voted for Butler county and take great pleasure in standing to my original vote."

George Tillman was very severe on his brother and he and Talbert got into such a hot debate, face to face, that the sergeant-at-arms was several times sent to preserve the peace.

The name of "Butler" was finally elimin-

THE ARMY OF TENNESSEE. The Society Is Called to Order with

Gavel from Atlanta. Cincinnati, September 16.—The headquarters of the Society of the Army of Tennessee presented a warlike appearance this morning. The Grand hotel, where the ren-dezvous for the old warriors is, is very apcasion. Just inside the front door has been placed a big brass cannon. On either side swing the stars and stripes, while directly in the rear a dozen or more muskets are stacked. Back and forth across the lobby of the hotel sons of veteran cadets march to measured tread and rifles at a "carry arms." Scattered around in little groups the veterans discussed incidents of war-times and waited for "fall in," when they marched to the hotel to transact the business of the day. The meeting was called to order at 10:30 o'clock.

with about 200 members present.

When President Dodge rapped for order it was with a gavel made from the wood of a hickory tree that stood near the spot where General McPherson fell at Atlanta, where Gene July 22, 1864.

General Hickenlooper, the corresponding secretary, reported that the following deaths had occurred since the last re-

E. H. Webster, Denver, Colo.; Captain T. H. Griffin, St. Louis, Mo.; Major George B. Hagin, Chicago; General Mason Bryaman, Kansas City, Mo.; Major Frank F. Potts, Rockford, Ill.; Lieutenant Colonel E. C. Daub, Cincinnati; Lieutenant Oliver Anson, Council Bluffs, Ia., General Charles Sutherland, Washington; General Walter Q. Gresham, Washington. Major J. J. W. Paddock, Omaha, Neb. The name of Colonel Calkins, of Tacoma,

was added by a member.

After the president had announced the committees General Henderson, of Iowa, chairman of the Sherman statue commit-tee, made a report in which it was stated that enough money is now in the committee's control to erect the proposed statue in Washington. The sum is \$100,000 and models have been called for and are to e in the committee's hands by January

FASTEN IT ON "HOODLUMS." Chinese Explanation of the Ku Cheng Massacre.

Washington, September 16.-The state department is without advices regarding the alleged latest phase of the Chinese situation in regard to a refusal of the Chinese government to execute any of the men convicted of being participants in the missionary massacre unless they are assured He that with the execution of these men all other demands will cease. According to spoke of his absence when his brother to spoke on Saturday (and with deliberation he added) "it is perhaps, fortunate that was not here, for from what I read in the papers as to the speech made on this floor from Winister Denby but they are received from Minister Denby but they are received from the department that the first the first the first that the first the fi from Minister Denby, but they are expected

this week. patch from Foo Chow that a rebellion has begun in the province of Fokien is as to the fate which awaits the American and European missionaries in that province should any still remain in the vicinity of Ku Cheng. Reports reached here through diplomatic and private sources several weeks ago that the missionaries after the recent massacre in the interior of the province had with their families sought refuge at Foo Chow, which is near the coast and where the presence of foreign men-of-war makes them safe from further violence. If they have remained at Foo Chow or rather at Pagoda anchorage. which is a foreign settlement only a few miles removed, no danger could happen. If however, in their zeal to begin again their work of Christianizing the natives they have returned to the interior of the province, the gravest apprehensions will be felt for their safety, without the presence of the American or other foreign forces. It is surmised that the rebellion is the work of the "Vegetarians," who were responsible for the assaults some weeks ago upon the foreign missions. Until that time little if any was known in this country of this soclety beyond the fact that it was a secret organization and that its purposes were political. It now appears that they have adopted the name "Vegetarian" in order to give their society a religious character inasmuch as the Buddhists do not practice the eating of meat, but live wholly upon a vegetable diet and thus make vegetarianism an article of the Buddhist faith. Chinese diplomats say the ranks of this

sect are recruited chiefly from elements corresponding to the hoodlums in this

VIRGINIA DAY. Gov. O'Ferrall Names October 23d. He Will Bring His Staff.

Richmond, Va., September 16.-(Special.)-Governor O'Ferrall has named October 23d as Virginia day at the Atlanta exposition. He and his party expect to leave here for that city on October 21st and will probably remain until the latter part of that week. Governor O'Ferrall will be accompanied by all of the members of his staff except one, who will be married about that time and cannot join the party. Adjutant General Anderson, Inspector General Stern and Colonel Knight, the Fourth regiment and the cadets of the Virginia Military institute at Lexington will also accompany the governor. The latter command have asked permission to go as an escort to the executive and the request has been granted. The blue and the gray will both be represented in these two com-mands. The uniforms of the Fourth regi-ment is of blue and that of the cadets is

Montreal, Quebec, September 16.—The provincial synod of the Church of England in Canada in session here has rejected a motion to authorize the use of the revised New Testament in churches under its

ON THE OLD FIELDS

Veterans from Both Sides Are Heading for Chickamauga.

CHATTANOOGA IS THRONGED

Visitors Pouring in by the Thousands and Enlivening the City.

THE NATIONAL COLORS APPEAR EVERYWHERE

After the Dedication of the New National Park They Come To See the Exposition.

Chattanooga, Tenn., September 16,-(Spe cial.)-Patriotism and pleasure are rampant in the south. From Louisville and the north, from Knoxville and the east, from the south and from the west, towards Chattanooga as a common center of attraction, this week through towns and ities these kindred spirits are marching hand in hand. They blend and burn in the breast of the blue as well as in the breast of the gray and the surviving members of the one side and the other will unite at the dedication of the park with one grand decree and one common cause to remember and yet to forget, to jollify and to have a big time. This bubbling spirit of pleasure and exuberant feeling of patriotism seems to have penetrated every community in this section, penetrated every town and city and influenced

The stream of Grand Army men and others who were at Louisville that came in yesterday and today say that between this city and that it is one solid streak of red, white and blue. Catching the spirit aroused at Louisville flags have been unfurled to the breeze in every town along the line traveled by these visitors with bunting in the national colors here and there to heighten the effect and intensify the impression that the south and its people have turned everything loose and gone in for a period of festivities and freedom with the dual desire to celebrate the dedication and to honor the stars and stripes. In sports it is a holiday for all the people and they are going into it with an enthusiasm that promises great enjoyment Last night the streets were alive with people even until the midnight hour, a very unusual thing for Chattanooga durvery unusual thing for Chattanoga during the business nights let alone on Sunday night, when after the stream of
churchgoers cease to flow and the slience
of a right in the country settles down on
the town and no one can be found abroad
after 10 o'clock except the youth returning
from a late call on his sweeth-art or the
man about town who turns the night into

Lively for Sunday Night. The presence of these throngs on the streets was something new and strange for Chattanooga, and the noise and uproar was so unlike the usually peaceful Sabbath evening that people forgot to go to church. At 8 o'clock in the evening a large drum corps from Newport, Ky., arrived in daz-zling Zouave costumes at Central sta-tion, and from the hour they struck the town until they tumbled into their bunks at Camp Grant, corner Seventh and Chest-nut streets, the air was filled with the clash of cymbals, the beat of drums and

the shricking of fifes. The first military organization of conequence to arrive was the Fourteenth infantry this morning from Cincinnati on two special trains. They left the train at deCallie avenue and walked from there to Camp Evans, but a short distance away where breakfast was served at once by the dozen cooks who had come before as a part of the advance detail of seventy men. Immediately following the meal the ceremony of raising the colors was par-ticipated in by the entire command, num-

bering 764 men, not including officers or the hospital corps and the signal corps of eighteen men each. The adjutant call brought out the re tails from the various companies, and af-ter guard mount the command assembled en masse at the flag staff. Rev. P. W. Davis, of Ohio, offered a prayer, Colonel Coit gave the command and up the flag went flapping in the morning breeze to the strains of "The Star Spangled Banner" from the band. Then Colonel Coit stepped in front of the column and proposed three cheers for the flag of liberty, and right royally they were given. The battalions were dismissed and in a few minutes the silver tones of the bugle at the headquar ters gave the officer's call.. The colonel dis cussed with his officers the several matters of detail and the rest of the morning was spent in arranging the quarters. The regi-ment is fitted out with drab campaign hats and the uniforms all look new and

Coming On to Atlanta.

This afternoon the first dress parade went on in the presence of hundreds who had gathered to witness it. Two hundred and fifty veterans of the regular brigade, fourteenth corps, army of the Cumberland, in charge of Edwin C. Beach, secretary of the association have started from Colum bus, O., today. They will reach Chattanoo ga tomorrow and will go to the Parl notei, where headquarters will be located The members of the association will stop at Stone river and dedicate the regula brigade monument. After the dedication at Chickamauga they will go in a body to the Cotton States and International exposition. The coming of so many thou sands such an early day in the week was not expected by the local committees, but every visitor has had the personal attention of some Chattanoogan, and has been as well provided for as his purse made possible, so that the sudden rush has not inconvenienced the city except in on way and ...at in a rather peculiar manner The town is short on small change, hotel men, merchants and others made rush on the banks for change Saturday and this morning that at noon it was impossible to get change for a \$5-bill at any of the banking houses except in alver dollars. Nickels and dimes are scarce as the proverbial hen's teeth and quar ters cannot be had in any too great abun-dance. This circumstance has really been a source of inconvenience to many and upon the urgent requests of several mer chants the cashiers of the banks telegraph ed to neighboring towns this afterno a supply of small money pieces. Tomorrow the temporary and urnatural tightness in the money market will be re-

GOVERNOR TURNEY GOING.

He Will Be at Chickamauga with His

Staff. Nashville, Tenn., September 18.—(Special.) Governor Turney left for Chattanooga to-night and will be followed by his staff to-morrow. There will be about 1,200 members of the National Guard of the state at the dedication. Most of them, including Com-pany A of Confederate Veterans and the Dyersburg, Ripley, Wellington, Covington, Gallatin, Lorrenceburg and Nashville com-panies, will leave here tomorrow night on a special train.

A STEAMSHIP ON FIRE. PASSENGERS TERROR STRICKEN AND PANIC PREVAILS.

Seven Persons Burned to Death-They Could Have Escaped Easily Had They Not Been Frightened.

London, September 16.-The London and Edinburgh Steamship Company's steamer, Iona, plying between Leith and London, caught fire on her trip to Gravesend this morning. The fire started in her cabin and five women and one child, passengers, and two stewardesses were burned to death and a number of others were badly burned and otherwise injured. The fire was extinguished by the use of the ship's fire apparatus.

The following particulars of the disaster are Arnished by the manager of the London and Edinsburgh Steamship Company,

who, in an interview, made this statement "The steamer Iona left Leith Sunday evening at 7 o'clock with a hundred saloon passengers and fifty second-class passengers. The part of the boat in which the second-class passengers slept was used as a saloon during the day and at night it was divided by a partition into sleeping compartments for women and men, At 2 o'clock this morning fire was discovered in the ladies' compartment on the port side. The flames spread so rapidly and the clouds of smoke were so stifling that the crew was prevented from rescuing all of the passengers, being several times driven away from the burning part of the ship.

"The fire was got under control about o'clock when the charred bodies of seven persons were found in their berths, so badly burned as to be unrecognizable. The cabin on the starboard side of the ship was only slightly injured, the spread of flames to that side being checked by the protecting steel deck. "During the progress of the flames the

wildest excitement prevailed among the passengers. The saloon passengers, men, women and children, rused on deck, some of them almost naked, the women screaming and the children crying, and it was not until the flames were subdued that they could be pacified." The load is lying in a dock at Wapping. The ladies' cabin was completely demolished. Some of the killed appeared to have

fallen from their berths in their efforts to escape and their bodies were found lying almost in ashes on the floor. The fire originated in the lamp room which adjoin

BAD FOR DURRANT.

Witnesses Are Sprung Whose Testimony Is Damaging. San Francisco, September 16.—The evidence against Durrant today was the most damaging yet introduced. There were but three witnesses on the stand, but they identified him as the man who took the girl from the Powell street Normal school and saw him alight from a car with her

near the church. The cross-examination did not shake them. The first of the witnesses was Miss May Lanigan, one of the three girls who left the school with Miss Lamont and a few minutes later saw her on a car going in the direction of the church. The witness positively identified the man who was with

Mrs. Mary Vogel, who lives opposite the schoolhouse, identified Durrant as a man she had seen waiting outside before the class to which Miss Lamont belonged was dismissed that afternoon. His suspicious movements led her to believe he was burglar. She saw him meet the ;oung lady and watched them get on the car to-

That Is the Man!

Mrs. Vogel's testimony corroborates that of Miss Edwards, another of the schoolgirl witnesses, in every particular. She identified Durrant first by a newspaper portrait, and afterwards when she saw him in court in the early part of the trial. Today when asked to point him out, she walked to within a few feet of Durrant and said impressively: "That is the man." Durrant was unmoved during this scene, but the weight of the testimony introduced teday as a whole told on his splendid nerve.

The last witness of the day was Mrs. Fligaboth I. Crozett. She was seventy-one years of age, but apparently of unimpaired faculties. Her statement on the stand was that she left her home in the northern part of the city to dine with her granddaughter, in the mission where the Emanuel church is located. It was 3:20 o'clock when she left home, and some twenty minutes later she boarded a car, by transfor on which she says Durrant was riding with a young lady whom she did not know.
Durrant was outside on the dummy, and Mrs. Crozett was on a seat opposite on the Mrs. Crozett was on a seat opposite on the inside. It was seven blocks from the place where she got on to that where Durrant got on and the lady alighted, and en route Mrs. Crozett had ample opportunity to take notice of Durrant. This, she says, sne did, beyond any possibility of mistake. She observed, them when they alighted, and observed them when they alighted, and thought the girl's hat was somewhat lighter than that shown in court. Her description of the girl was meager. So far as it went, it tallied well with that of

On cross-examination Durrant's attorney attacked the old lady on her mentality and subjected her to a cross-examination which was so vigorous that the court interposed to protect the witness. Her memory was tested, and it was found to be so good that she could readily give a list of homeopathic remedies which she, from time to

time, had taken.

She said she had known Durrant about four years, and had seen him as much as five times a month at the home of her son. Durrant was very intimate with her grand-

The defense claims that Mrs. Crozett saw know him well enough to speak to him when she met him. Mrs. Crozett is sure of her dates, as on the day she met Durrant she had an appointment which fixed it on her mind, and the day following she left the city on a six-weeks' visit.

The prosecution expects to finish its direct case this week.

Union City's Blaze.

Nashville, Tenn., September 16.—Further details of the fire at Union City last night received here this morning estimate the loss at \$50,000. Business houses of the following firms burned to the ground: W. W. Hale, drug store; W. P. Richards, jewelry: Charles Wells and Jerre Johnson, elry: Charles Wells and Jerre Johnson, barber shops. At first, it was thought the fre originated in the Wells barber shop, but today's report was to the effect that it started in the drug store, and was incendiary. Most of the buildings were of combustible stuff, and the fire-fighting facilities are poor. The office of The Obion Democrat was also destroyed. The losses are fairly covered by insurance.

PLATT IS THE BOSS

He Has the New York Republican Machine Under His Thumb.

ALL KICKERS FALL IN LINE

Regulars Will Run the Convention as

They Please.

EVERYTHING IS CUT AND Chauncey Depew Turns Up Unexpec-

tedly at Saratoga and Springs Fresh

Stories on the Boys.

Saratoga. N. Y., September 16 .- On the eve of the republican convention there is nothing in sight but harmony. All the talk of "new blood on the ticket" ceased when the statesmen stepped from the cars. The entire drift of opinion here is toward the old ticket, and no one is swimming a dry stream. The factional fights have apparently been fought elsewhere and the

"regulars" are to have everything their own way here. The temporary and permanent chairmen of the convention have been selected, the platform has been built and the slate is made. The delegates will vote when the time comes according to programme and the convention will go down in history as one of the most harmonious on record It is a great victory for Thomas G. Platt. Strong as was his position last year, it is strenger this year. The opposition seems

to have aided him. The state committee headquarters are at congress hall, but that is almost de-seried. Mr. Platt is at the United States hotel and that big hostelry is jammed to the roof. Tonight the lobby is a dense mass of humanity. Chauncey M. Depew arrived at 5 o'clock p. m. with some new stories. He is not a regular attendant at state conventions and his presence aroused some comment. Benjamin F. Tracy, executary of the navy arrived this aftersecretary of the navy, arrived this afternoon. Ex-Secretary Frank Hiscock, ex-Collector Francis Hendricks and other shining lights have been here several days. The old ticket, which will be renominated unless something unforeseen occurs, is: Secretary of state, John Palmer, of Albany; comptroller, James A. Roberts, of: Buffalo; state treasurer, Addison B. Colvin, of Glens Falls; attorney general, Theodore C. Hancock, of Syracuse; state engineer, Campbell W. Adams, of Utica. Judge Ce-lora Martin, of Binghampton, is slated for

judge of the court of appeals.

Clarence C. Lexow, of Lexow committee fame, is to be chairman. Speaker Hamilton Fish is slated for chairman of the committee on resolutions. The place was offered to Edward Auterbach, but he declined owing to his position on the excise question.

FIVE KILLED BY A TRAIN. The Southern's Fast Mail Strikes a

Wagon Filled with People. Lynchburg, Va., September 16.-Train No. 35, the fast mail from Washington to Atlanta, ran into a wagon containing six people, at Lawyers, a station twelve miles south of this city, this evening. It is said that five of the persons were killed and it is likely the other one will die. This train does not stop at Lawyers and was

probably going at full speed. Particulars of the wreck to be obtained here are very meager. The man killed is supposed to have been Joseph Callahan, living near Rustburg, Campbell county. Two women and two children were in the vehicle with him. All were killed, as was also the horse. It is said Callahan was warned not to cross the track, as the train was running very rapidly, but he would not heed the warning.

WHAT IS DUNRAVEN'S POLICY?

Does He Want an American-Built

Boat? Newport, R. I., September 16.—Lord Dun-raven and H. Maitland Kersey took a sail on F. W. Vanderbilt's yacht Conqueror this afternion and information is received this afternoon and information is received that John B. Herreshoff and Nat Herre-shoff were also aboard. The yacht first headed outside; then as a huge steamer hove in sight it came about and under cover of the steamer proceeded up the bay, being last seen heading in toward Bristol, where it is understood the party langed said as he observed the yacht heading the bay that the purpose of the trip was to continue the little talk in the pilot house of the City of Bridgeport in New York, when it is alleged that the subject of Herreshoff's building a twenty-rater tobeat the Niagara was discussed. If Dunraven is talking of a new boat, and that, too, there is assuredly a grand surprise for yachting circles.

SHOOTING AT OPELIKA.

Will Carmack Uses a Pistol on W. G. Campbell-The Latter May Die.

Onelika, Ala, September 16,-(Special.)-A terrible shooting affray took place in Greer & Shealy's furniture store here tonight in which Mr. Will Carmack, city cashier of the Atlanta and West Point and Western really and shoot and western to the standard shoot and western really and and western railroads, shot and probably fatally wounded Mr. W. G. Campbell.

The exact particulars cannot be ascer-tained, as eyewitnesses are reticent. The difficulty grew out of a very disparaging article that appeared in The Kansas City Sun last week reflecting on Mr. Carmack's character. Messrs. Carmack and Campbell were in consultation about is, as it was rumored that Mr. Campbell was the author of the article. Their conference ended in the difficulty in which Campbell was shot through the side below the heart. His condition is extremely critical. Mr. Car-mack has not yet been arrested.

BLOWN UP BY DYNAMITE. Quarrymen Terribly Mangled by the

Explosion of a Blast

South Pittsburg, Tenn., September 16.-(Special.)—A horrible accident occurred at the Patton Rock quarry, near here, this the Patton Rock quarry, near here, this afternoon in which two men were almost blown to pieces and can live but a short time. Robert Hawk, the foreman, and Popa Grider were tamping a hole charged with dynamite, when a premature explosion occurred. Both men were blown quite a distance. Twenty-five sticks of dynamite lying near were also exploded by the shock. Both men had their arms and less blown off and their bodies were filled with small stones. They are alive now, but cannot survive the shock.

1B DAY BEFORE 1

A BRILLIANT ARRAY

The State Soldiery and Visiting Troops Will Parade Tomorrow.

LINE OF MARCH MAPPED OUT

Gilmore's Famous Band Will Be in

the Procession.

COLONEL KELLOGG WILL BE IN COMMAND

The Column Will Move at 12:30 from the Corner of Broad and Marietta Streets.

Many thousand soldiers, dressed in glossy uniforms and carrying glistening muskets, will tramp the streets of Atlanta tomorrow in honor of the opening day of her greatest undertaking.

When the drum corps rattle the snare drums and the bands strike up a lively march, the long line of uniformed men will catch step and march in bright array through the principal streets of the city

out to the exposition grounds. In many respects it will be the most notable gathering of state and visiting troops that the city has ever witnessed or has ever assembled in the history of the south. From all quarters of the state the soldiers will come to do honor to the pluck and enterprise of Atlanta. On prancing steeds the cavalry will ride through the city, while several thousand men will march to the inspiring strains of the bands.

The column will move at 12:30 o'clock from the corner of Broad and Marietta streets. At that hour all will be in readiness and the different commands will fall in and the long procession will march up Marietta street under command of Chief Marshal Colonel W. L. Kellogg, of the United States army. The Fifth United States regiment under command of Cap-tain Nason Carter, will be the first troops to move. Following will come the Washington artillery of New Orleans, one of the oldest companies in the United States and victors in many hard fought battles. The Washington artillery will be under com mand of Lieutenant Colonel John B. Richardson, and will be led by its own band. It vill be composed of three battalions an will be posted as infantrymen, as the guns of the company will not be brought with them. There will be about two hundred men that will come from New Orleans. Following will be the visiting state troops. Every company will be stationed in order and the visitors will be given a good posi-

on in the line of march.

Next will come Governor Atkinson and staff, Governor Atkinson being commander in chief of the Georgia volunteers. Immediately following the governor's staff will be the Fifth regiment, under command of nel John S. Candler. The regiment will be led by the Fifth regimental band, fol-lowed by the signal corps. The Fifth regiment is composed of ten companies, all of which will be in line, with the exception of the Gate City Guards, which is now at Chickamauga, and will not be present to-

Here is the order in which the companies Company A, Atlanta Zouaves, under com

mand of Captain Amos Baker.
Company C, Hibernian Rifles, Captain W.

Nash, commanding.

any H, Marietta Rifles, Captain V. Sanford, commanding. Company I, Barnesville Blues, Captain John F. Howard, commanding.

Company K, Atlanta Reserves, Captain Next in order will the Fifth Machine Gun

platoon, under command of C. H. Plyer. Following them will be the Third Geor-dia regiment, under command of Colonel Jsher Thomason, of Madison, Lieutenant bert J. Guinn, of Atlanta and Major E H. Almand. This regiment will consist of Conyers Volunteers; under command

The Madison Guards, Captain Godfrey, Greene Rifles, under command of Captain

ert Light Infantry, under command of Captain W. B. Adams.

Clarke Rifles, under command of Cap-tain J. H. Beussee, of Athens. The Albany Guards, under command of Captain W. E. Wooten, and the Perry Rifies, under command of Captain W. C. Davis, will follow in gregular order.

Next in line will be the Atlanta Artillery, under command of Captain J. F. Kempton.
The artillerymen will carry their guns and
caissons with them.

The cavalrymen of the state will follow next. There will be:
Troop A, Richmond Hussars, under command of Captain A. J. Twiggs.
Troop B, Governor's Horse Guards, under command of Captain J. S. Dozier.
Troop C. LaGrage Tr.

Troop C, LaGrange Troop Hussars, Captain J. J. Thompson, commanding.
The Littalion will be commanded by Major J. M. Barnard, of LaGrange.
The colored commanded by Major J. M. Barnard, of LaGrange.

The colored companies that will be in the parade will be the Second Battalion, Atlanta, composed of four companies under command of Lieutenant Colonel F. H. Crumbley, followed by the Lincoln Guards, of Macon. music will be furnished by five bands

one of which will be dilmore's famous band, which will play also at the opening exercises at the exposition grounds. Formation and Line of March.

The following order has been issued by the marshal of the day:

the marshal of the day:

"Cotton States and International Exposition, Office of Chief Marshal Opening Day
Parade, Atlanta, Ga., September 14, 1895.—
Orders No. 2.—The following orders are
published for the information of troops taking part in the opening day parade, September 18, 1895: ember 18, 1895:
"1. Hour—The column will move promptly

Apollinaris

"THE QUEEN OF TABLE WATERS."

Colonel Eugene Hardeman, Georgia volun-Colonel Frank West, Georgia volunteers.

Major E. L. Higdon, Second Alabama reg-Captain John A. Miller, Georgia volun-

Captain George S. Obear, Georgia volun-Will Break Rank at the Grounds.

Down Fourteenth street the line of march will be outlined. When the gates of the main entrance are reached, the procession will halt at the left of the gate and the carriages will enter the grounds. The carriages will unload at the auditorium The command to march will then be given and the troops will enter and proceed to

the center of the plaza, where they will break ranks and stack arms.

The different regiments will then oe placed in charge of their respective officers.

EXPOSITION TRAINS TO START. THE SOUTHERN WILL RUN THE

FIRST TRAIN TODAY. It Is the Company's Intention To Make a Trial Trip to the Exposition

Grounds in Ten Minutes. Today the first train will be run by the Southern railway over the double track

line to the exposition grounds. It is the purpose of the officials of the road to make the trip in ten minutes and to put in operation all their electric signals for the purpose of making a test of, them before the opening tomorrow, when the regular schedules will be put into effect for handling the crowds. Members of the board of directors

and of the city council will be invited to ride over the road on the first trip. Mr. Baldwin, third vice president of the Southern, is in the city and will be on the ground. He will ride on the first train

and will inspect the entire workings of the new double track line. A circular has been issued by the officials of the road to the effect that there will be no free passes over the exposition road. Not even the high officials will be favored, and all the employes of the company will have to put out the coin before they ride. The fare will be 10 cents each way.

GOV. BULLOCK IS HOME AGAIN.

He Will Remain Until After the Opening Day.

Hon. R. B. Bullock is at the Kimball and will remain in the city until after the opening of the Cotton States and In-

the opening of the Cotton States and International exposition.

The ex-governor has been spending the summer at his summer home in Rhode Island, and though his residency there is not near over, he could not find it in his heart to be away from Atlanta during the opening of the exposition for which he has done so much good, hard work.

Governor Bullock is looking well and he has done so much good, hard work.

Governor Bullock is looking well and is in the best of health just now. He says the people in the west are talking about the exposition and that large crowds will be here during the next three months.

After the opening is over Governor Bullock
will return to his summer home in Rhode

Mrs. Josephine Orr.

Montgomery, Ala., September 16.—(Special.)—Miss Josephine Orr, an estimable lady, died here today of pneumonia at the home of her brother, Rev. W. P. Dickerson, of the First Methodist church. Her remains were shipped tonight to Atlanta for interment.

IN ITS SHADOW.

Exposition Opens.

Continued From Second Column First Page Commander Train, Captain Barry, Colonel Kemper, Dr. Goode, Prof. Clarke and Prof. Ravenel

Dr. Dabney has been away several days in Washington on business relating to the exposition. He is expected this morning. Costa Rica Not Here.

Senor Theodosa Mangel, who knows how to laugh heartily, slap a fellow on the back and prve "orchata," was grieved yesterday. He had expected his exhibits from Costa Rica, but for some cause they have been delayed and will not be here until some time this afternoon. In the meantime the senor is biting the ends of his mus-tache, impatiently and waiting. Senor Mangel is one of the most courteous foreigners at the show.

The Fire Tests.

Several test alarms of fire were turned in yesterday by Chief Emil, and the hose wagons and engines dashed out in splendid shape. The exposition fire department is snape. The exposition fire department is made up of the best men in the service, and every arrangement has been fixed. To-day Captain Jennings, who has been designated as the man to command the police, will move his men out to the grounds for will move his held out to the substitute first time. The police headquarters will be in the right wing of the auditorium, where comfortable quarters have been pro-

The Catalogue Out. The official catalogue of the exposition came from the press last night. It was compiled by Claffin & Mellicamp and printed by Foote & Davies. The book is a on the cover is artistic to a pronounced de-gree and the printing is of the first class. is illustrated with pictures of the exposition officers and buildings. far superior to that of the catalogue of the

THE BAND IS COMING.

It Will Be Here Tomorrow Morning on a Special Train.

Gilmore's famous old band, fifty strong the band selected to open the expositionwill arrive early tomorrow morning on a special train from Nashville, where it appear's tonight in grand concert.

Special interest attaches to the appearance here of the grand old organization It is the old, yet it is a new Gilmore's. New because to the thirty old Gilmore Guard, who helped to make Gilmore's name and fame, some of them through a service of nearly h quarter of a century, have been added since the band's last appearance in Atlanta twenty of the niosi nodern and experienced players that could be found in this country and the old. The eld band has been making a record

of late in a special way. On September 4th it opened the Western Pennsylvania exposition to nearly 20,000 people, closing its ten days' engagement there on last Saturday night, and during the whole time it was a daily sensation, according to the Pittsburg papers. One of them, The Leader, declared it was "the one magnet, the sine qua non of the exhibition, overshadowing any other attraction or class of attractions." But the Pittsburg attendances were hardly a circumstance to what the band drew to Washington Park on-the-Delaware, Philadelphia, on August 31st, September 1st and 2d.

Victor Herbert, the distinguished director of Gilmore's, has undoubtedly brought the band up to a degree where it far surpasses the old band of famous days, even at its best, in all that pertains to artistic finish, brilliant phrasing and unanimity and ness, mellownesss and beauty of its playing. This much is conceded by the critics from New York to Nashville. "Herbert is master of himself and of his men, who play as one man," is what was recently said of

the band by an Eastern critic Gilmore's will remain at the exposition here until October 20th, so that we shall have ample time in which to mark the development that has gone on and is going on under Victor Herbert's masterful leadership. There will be daily concerts in the Auditorium and the thousands who have not heard the famous band for years can enjoy it to their heart's content day by day. Not only the big band of fifty, but there are special soloists who are to be heard in almost every concert.

Notwithstanding that Gilmore's is essen-

tially a grand concert organization only, the rule of the management will be waived tomorrow and the entire band will be heard at the head of the parade on the way to the exposition grounds.

MEETING OF THE VETERANS.

An Interesting Meeting Was Held Las Night in Their Rooms.

An interestinb meeting of the Confederate Veterans was held last night in the rooms of the association on Peachtree

The committee that has been engaged in marking the old battlefields in and around Atlanta was expected to make a report, but instead asked for further time. The committee found that the work was greater than had been expected, and consequently made only a statement to the effect that it had been making headway and had marked nearly one hundred spots, but had not completed all the plans mapped out at previous meeting.

It was stated by the committee that several spots of interest had been designated, and that in a few days all places of interest would be marked by neat signboards, tell-ing of the battle and other points of interest. There is now in press a pamphlet

THE CROWDS ARRIVING.

which will soon be issued. The pamphlet will show a map of all battlefields near the city, and will also give an account of the fight, with dates and all data that would be

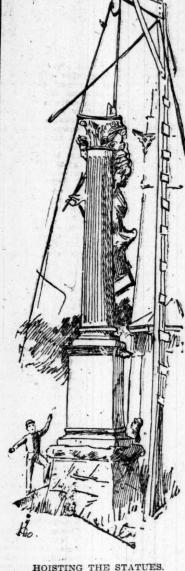

Next Saturday, which is Blue and Gray Day, the veterans will meet their comrades in a body and will entertain them and carry them about the city and show them points of interest.

Other matters of interest came up before the meeting, and the usual routine work was disposed of.

ON THE SHOW GROUNDS.

When Jack Spalding landed in Washington fourteen months ago and in his usual modest and diffident style entered the Just Twenty-Four Hours Before the | speaker's room and said, "Mr. Crisp, I have come up as an advance guard from Atlan-ta to lay plans for having congress give us an appropriation for the exposition at Atlanta next year," the half dozen congressmen in the room looked upon him as a

John Tarsney, of Kansas City, one of the wits of the house, and who was, by the way prisoner in the Andersonville pen during

HOISTING THE STATUES.

the war, was at the time sitting in one of the window niches waiting for his turn to ask for recognition for a Kansas City public building bill. He looked Spalding over quizzically and remarked sotto voce: "If I had that fellow's nerve I'd be pres

ident, instead of an ordinary member of congress. Where did you get him? and his nerve-to come up here and ask for a government appropriation for an Atlanta county fair. Ask for, did I say? I mean to hold congress up. But d-d if I don't admire his cool nerve; and if he ever gets a bill introduced I am going to vote for it and I'm going down to see his side show I want to see if you people down there all have your sights set so high, and if you know how to get up a show anyhow.'

Tarsney is coming, and when he comes nd sees that magnificent sight out in old Piedmont park he will be as much surpris ed as has old Dr. B. F. Walker to see his barnyard and cotton patch and Woodland hills panoramically transformed into the most artistic exposition outfit the world has ever seen. Chicago had a greater array of buildings; Paris perhaps had more exhibits; Vienna covered more ground space; but none had a combination of lovely features and buildings appealing to the artistic eye to equal ...is exposition. Stand upon the hill crested by the Driving Club and the New York State Club and the grounds present a picture of which the world does not

produce an artistic equal. It is a picture which will cause the breast of every congressman who voted for the appropriation to swell with pride, and to bring a blush of shame to the cheeks of those so unpatriotic as to have opposed it.

These very congressmen will see it. Sev eral carloads of them are now pointed Chickamaugawards, and Saturday and Sunday they will crowd in here to see if that Atlanta party who swarmed the corridars of the capitol at Washington last fall have done what they promised to do.

But when they see it they will not be more surprised than every Georgian and even the directors themselves have been at the magnitude and magnificence of their

A bedraggled and gaunt little man with a mustache which drooped wearily on one side, a battered straw hat negligeed over his brow, and a I-have-seen-good-servicecollar with its left wing held taut by a gold button in front, while its right flopped in the breeze and toyed with the lobe of an ear, struggled upon the portico of the Driv ing Club just as electric lights sparkled forth in every building upon the grounds.

"Had I known the machine would have grown to this size I'd never taken the lever," he remarked as he dropped into an arm chair and looked wearily but with just a smile of pride upon his tired features over the great work. It was President Collier, the man who has been on the bridge in command from the inception and who, working day and night, has thrown out lines and drawn around the center ship-the old Piedmont park-a landscape and building display calculated to amaze the world.

"Well, Charley, I believe we are all about as much surprised in the size of this," chimed in the modest Jack Spalding. "as was the Virginia lady in the letter sent her by one of our learned directors in response to a request for space in which to exhibit her family tree." "I don't recall that."

"The scholarly director immediately pounced down upon the agricultural building and set aside a space of twenty by six teen feet for the tree in question. When he wrote of his act he received an indignant protest that her request for a simple wall space of six by nine inches should have been treated with such contempt." "He was excusable," said Colonel Bob Lowry, breaking his way into Mr. Spaldings words, "because he had seen this exthis great and glorious city within a few months and he imagined that a family tree which has been growing for a century could not gather its shoots into space of less than sixteen by twenty."

"Oh, we'll let it go," interrupted Mr. Spalding, "for, after all, it was not so bad as the director who wanted a new bell in place of the liberty bell, because the 'dinge old thing, I've seen it, and it has a crack in it running from tip to bottom, and we lon't want anything that can't ring clear and loud here." "If that thing gets into the papers," re-

marked President Collier, "I'll bet there will be a rabbit race on these grounds tomorrow and one Spalding will be the rab-"I'll swear I never told it, Charley; you

know how easy it is to get out of a thing by saying it's one of these newspaper fakes. I've done it before." "No place in the world has ever done such work, all things considered, as At-

lanta has done in building such a grand dis-

play as you have here," remarked Vice

President Baldwin, of the Southern railway, who joined the group. "The arrangement of these buildings, the architecture, the landscape effect is simply perfect." "We are indebted to your railway for auch of our success," said Mr. Collier. "Well, we have attempted to do our part," replied my Baldwin. "We have spent more

money than we have any idea of getting back out of transportation for the present, but we shall always be ready to do our part towards developing this country." Crisp on the Grounds.

Rotund and rosy with the old tinge of health upon his cheeks, resultant from a trip abroad, Speaker Charles F. Crisp was the latest prominent figure to arrive upon the grounds. He had arrived in the city very late and was only in time to see the outlines of the exposition grounds under the glare of myriads of electric lights. He had come up from Americus en route to the Chickamauga park celebration, where he goes as chairman of the committee from the house of representatives. He goes up tomorrow afternoon to remain two days, after which he goes to New York for a week on private business.

"Magnificent," said he, as he stood upon the portico of the driving club and viewed the electric-lighted scene. "Of course I knew Atlanta would have a good show, but never dreamed of anything like this. "Last year when the committee came up

to Washington from here," continued the speaker, "and asked for a government appropriation for this exposition I thought at first Atlanta would find it impossible to do what the committee promised. Instead, they have done twice what they promised. This sight makes me proud of the aid congress was enabled to give, and proud to be a citizen of a state which can accomplish such a grand work. Every Georgian, every southerner, every American can but take pride in Atlanta's great accomplishment. I am amazed at its grandeur."

Later in the evening Speaker Crisp was surrounded by a crowd of politicians and naturally the financial question came up. "Is it true that you have modified your silver views?" was asked of him

"No, 1 have not. I have spoken out plainly for the free coinage of silver. I shall be very busy for the next few weeks but before returning to Washington I shall take occasion to make a few speeches in response to many requests in which I hope to put the financial issue plainly before the people. I have decided views upon the subject. Was in bad health when congress adjourned and 'was compelled to take a long rest. Now I am in perfect health some private business which carries me north I shall comply, with some of the requests made of me for speeches on this issue."

That prince of southern gentlemen, Colo nel Kerr Craig, of North Carolina, third assistant postmaster general, arrived vesterday to view the postoffice department exhibit in the government building and be present at the opening ceremonies.

"We have not much to exhibit in the postoffice department," said he, "but we have a postoffice and a perfect mail service on the grounds. And, by the way," he continued, "the stamp fiend will find something to interest him in the postoffice department. I think, perhaps, have the most complete collection of stamps in the world.

"Speaking of collections of stamps, it is fad all over the world. It has got to be a regular business, and the large dealer in stamps needs quite a capital upon which to do business. You will perhaps be surprised to know that soon after the Columbian stamps were issued one man bought up all the remaining issue of the \$2 stamps. He bought \$25,000 worth of them."

JUST BEFORE THE SHOW.

calculation afforded yesterday when I went past the Massachusetts building, up be-nind the manufactures building. The Bay hind the manufactures building. The Bay State has made preparations for a big building and a generous exhibit. They were early in their responses to the call of the exposition commission, and were

warded their place early. Their build awarded their place early. Their building is far from completion, as all know who have managed to get up in that neighborhood and yet, on yesterday, there were two men, and only two, working on the building. The calculation comes in figuring, as there is but one day between now and the opening of the show, how fast those two men will have to work in order to finish the building in that time. she does a thing she does it in great shape

The Illinois building is to be a very pretty one, and it is approaching completion quite repidly. I am very sorry that it has not a better position on the grounds. I like to see Illinois going to expense and trouble to show herself at the Cotton States exposition. It means mor mean, and the eagerness with which she has gone to work is a good thing, too. Many Illinois soldiers will be here on Blue and Gray Day. I know of one who has not been in Atlanta since the war, and who has been attracted here by the exposition. He comes with a desire to see and know the new south, and to make himself a friend to it. The northern states have taken an energetic step here. I only wish that Illinois and Massachusetts could be near New York and Pennsylvania. These two states have undoubtedly the most advantageous posi-tions on the grounds, for the focus of travel at an exposition is, whether the travelers like art or not, the picture show. It is the proper thing to see, hence, New

York and Pennsylvania are right in it. The superintendent of the exhibit from the postal department of the government Mr. S. I. Slack, is a most interesting man to talk with. What Mr. Slack does not know about the postal service isn't worth knowing, to use an oft-repeated saying. I met him vesterday in the government building, and he drew me into his ex-nibit. Mr. Slack is an enthusiast, and hibit. really, the exhibit that he is in charge of is one to be enthusiastic over, though it has been a pile of boxes in the aisle In

THEY WANT TO BE CASHIERS. front of it for weeks and nobody has been able to tell whether there was an exhibit there or not. That is a bad thing, for, really, it is as interesting an exhibit as there is in the building. The most striking thing in it is the model of the United States mail steamship Paris, which stands in the aisle at the left of the exhibit. This model cost \$7,000. Next to it is the model of the Southerner, the first United States mail steamer which crossed the Atlantic. On the opposite side of the exhibit is a model, one sixth size, of a sixty-foot mail car, and it is absolutely perfect. On looking in the door at the end it is seen just as one would see the interior of a full-sized car. Mr. Slack showed me some of the stamps used by the Mexican republican-revolution ary party which overthrew Maximilian. They are nothing but postmarks on colored paper, and are worth large quantities of gold coin. In fact, the collection of stamps of all kinds is wonderful. The This all. The visitor will s

government possesses the most perfect col-lection of foreign stamps in existence, and they are all here on the walls of the postal exhibit in the government building. Then there is a case filled with articles collection includes a log four feet long, an alligator, a rattlesnake, which was alive when it reached the dead-letter office, and all sorts of most curious objects and bric-a-brac. The visitor will see what will take for Eskimo or Canadian dogs, and a sled, life size. But they are not Eskimo, they were used not over three years ago between Sault St. Marie and Mackinac, in Michigan. There is a large collection of the uniforms and postal ap-pliances of foreign countries, the chamois jackets of the postmen of the far northern European countries, the cork helmets of the Cape Colony mail carriers, and a collection of interesting little figures rep-resenting the mail carriers of India. The Japanese postal department is illustrated with drawings by native artists, and with a collection of articles of unifo tograph collectors, the portrait of Emper-or William II, autographed with a long sentiment, will prove interesting, and above his august majesty's head is a model of a German mail coach, to carry passengers as well as letters. is so much in this exhibit that it would take all the paper to tell the story. postoffice department gets not so

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live bet-ter than others and enjoy life more, with ter than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to heatth or the pure liquid laxative principles embraced is the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect lax-

ant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, Leadaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrus Ca. only, whose name is printed on every package, also the name, Syrup of Figs and being well informed, you will not become the substance of the s

There is another thing in the govern-ment building that is interesting but I would advise the bibulously inclined to keep away from it most religiously. When a man with several drinks reposing beneath his waistband sees a pea-gree about the size of his head and at the next about the size of his head and at the next glance comes upon a caterpillar two feel long, while a little farther on is a mon-ster of the size of a squash, labeled a silk-worm, he is apt to send for a physician without waiting to hear from anything But these things are features of ological exhibit, that is all. The inects are enlarged so as to permit of the their close examination by the expert who want to exterminate them. In order to give a grasshopper or a chinch bug con to give a grassicopy.

sumption you must know something about his lungs, so they make models of chincibugs about the size of a watermelon, and then the entomologist studies their in-wards at his leisure.

The treasury department exhibit in the The floor was varnished last night, and there will be nothing out of the proper place wheneopening time comes on Wed day morning. The aquariums in the fish exhibit are filled, and they are beautiful Of course, they are not of the same shape as those at Chicago, but I like them as well as any that I have ever seen. The fish are impudent, and ugly, and interest-ing. Some of them look at the specta-tor in a way that embarrasses him exceedingly, so steady and intelligent is their stare. In short, the government is in good shape.

Every few minutes the chimes ring out as a bell is being tested, and some one omewhere on the grounds thinks it is an alarm of fire. Then he or she rushes to window or a door to see the fire department come out. There is not a public fire alarm on the grounds, the only bell being in the stable room of the depart-ments in their buildings. It is a wise proceeding not to have a big bell to soun an alarm, for people always rush to a fire, and the thousands of visitors would prove to be seriously in the way if there was an alarm of any moment tude. The fire department is shape though.

There has been a magical change in the manufactures building in the last two days. Booths have gone up as if by magic, and precious goods from all countries are ly There is a confusion of tongues, too, which no one but Chevalier Macchi can master. It begins to look like business in that great structure. I found Colonel Filcher, of California, piling up rocks. They are a geological exhibit, and mostly ores, and yet the genial colonel made a remain about the rocks as I entered. A real hard remark, too. Then he proceeded to wax enthusiastic over them. resent the resources of our great state,"
he said, and bent again to the task before him. The colonel is busy. So are they

They are busy down on the peninsula. too, where the Creole kitchen is, and where the San Salvador and Costa Rica buildings are buildings are. Senor Mangel had his collar off, but he insisted that I taste some of his coffee, which I did, and was re-freshed thereby. The two statues representing a soldier and a sailor have been placed facing the forestry building, instead of looking out over the blue of Clara There is not a doubt of it, Clara is levely. She has a gentle tint on her count and a calmness and a placidness, that are sublime, and when she is lighted up by the electric fountain she will be lovely. She is a very picturesque maiden? No! YOUNG BAPTISTS.

They Are To Hold a State Convention | They Start for Chickamanga Park, The Anonymous Letter Writer Takes a at Macol.

AN ENGINE HITS A NEGRO

He Is Knocked Thirty Feet, but Picks Himself Up and Walks Off Apparently Unhurt.

Macon, Ga., September 16 .- (Special.)-The state convention of the Baptist Young People's Union will meet tomorrow afteron at the First Baptist church in this city and will be in session three days. It will be one of the largest attended and most interesting religious gatherings ever assembled in Georgia. It is expected that there will be 500 delegates present from all parts of the state. Addresses will be by Dr. Hawthorne, Dr. Gambrell other distinguished Baptist divines leaders. All the Young People's socities connected with the Baptist churches in the state are to be organized into one grand state convention. The delegates will be entertained at the hospitable homes

Wesleyan and Mercer. A large number of pupils arrived in Ma-con today to attend the fall terms of Wes-

leyan Female college and Mercer university, which begin on Wednesday. The indications are that the attendance on each of the institutions will be the largest known in years. The greater portion of the pupils will not commence to arrive Hit by the Flyer.

Robert Alexander, colored, had a narrow escape from death this morning. He was drunk and sat down on the Central railroad track on a high embankment near the trestle that crosses the Vineville branch, just within the city limits. The "Exposition Flyer" came dashing along en route to Atlanta about 7:35 o'clock.
As the engine rounded the curve the engineer saw the negro and blew his whistle but the negro did not seem to hear it and in another instant the cowcatcher struck him and hurled him down the thirty-fourfoot embankment. When Alexander struck about him, got up and walked away un-

The Macon Races.

Macon races continue to attract attention all over the western and country. Mr. Dave Gideon, whose horse recently won the futurity stakes, has sent the following clipping from The New York Mail and Express to his nephew, Mr. Jake Benswanger: Benswanger:

Mail and Express to his nephew, Mr. Jake Benswanger:

"The stewards of the jockey club have laid over the applications of the Queens County Jockey Club and the Brighton Beach Association for new dates this autumn and nothing is likely to be heard of the matter before late next week. In the meantime some of the officials of the Queens County Jockey Club will journey south, they having engagements at the Macon meeting. It is understood time. General Wheeler will have exclusive charge of the welfare of the northern horses, that Charles Primrose will manage the betting there and that Samuel Whitehead will be the secretary."

Newsy Notes.

Mr. Bob Greer, who took mcrphine Sat-

Mr. Bob Greer, who took mcrphine Saturday night with suicidal intent, continues to improve and will soon be in his normal condition. Lieutenant Colonel E. D. Huguenin, of

the Second Georgia regiment, has been invited by Marshal of the Day Kellogg to act as a member of his staff on the open-ing day of the Cotton States and Interna-

ing day of the Cotton States and International exposition.

Mr. Otis M. Cates and Miss Davie Sanders surprised their friends last night by
getting married. The ceremony was performed by Rev. J. C. Solomon, at the South
Macon Baptist church. Mr. Cates is a
handsome and very popular young man,
and Miss Sanders has always been admired for her beauty and accomplishments.

Is there anything more wholesome, more beautiful, more completely pleasing than a womanly woman? Such a woman is even tempered, intelligent, strong and healthy. Health really tells the whole story. Health means strong nerves and strong body, and they go far toward bringing good looks and amiability.

A woman worn and wearied by the

dragging weaknesses peculiar to her sex, cannot be expected to find zest in any duty or amusement. Life is all one dead monotonous gloom to her. On her face is written the story of weakness and pain. The wholesomeness of health is lacking.

The cheeks lack fullness, the eyes lack sparkle, the hair lacks luster.

Doctors have learned to locate ninetenths of womanly sickness in the organs that ought above all others to be strong

Sensitive women shudder at the thought of consulting a physician on such matters. A natural feeling of modesty makes them dread the examination, and subsequent stereotyped treatment by "local applications" on which most

Much more often than not, this is unnecessary. It should not be submitted

to except as a last resort.

Dr. Pierce's Favorite Prescription has cured thousands of severe cases of "fe-male weakness." It works in a natural, sensible way. It begins by subduing the inflammation that is always present. Then it strengthens and invigorates the whole body, particularly the organs distinctly feminine. It promotes regularity, cures inflammation and ulceration, and stops the debilitating drain caused by them. Of all dealers.

Through the Country.

OLD LETTER COMES TO LIGHT

Judge John W. Maddox Finds a Letter from General Rosecrans to President Lincoln.

Rome, Ga., September 16 .- (Special.)-This morning the Floyd County veterans, who will go to Chickamauga through the country, loaded their wagons and set out on the long drive through the counties of Floyd, Chattooga and Walker.

The route lies through the mountains but the excellent roads that have been constructed during the last few years will make the journey a good deal more agreeable than it was in the days when Sherman was marching southward and Wheeler's cavalry was lying in wait at every crossing to intercept any body of gray

jackets that attempted to pass.

They will be joined at Crystal Springs, Everett Springs, Summerville and other other parties who are going by

wagon and on horseback. The first camp will be at the ford of the Chattooga river, near Summerville, and the next at Rock Springs, near Chicka-

They will be under the command of Adjutant A. B. S. Moseley, after their arrival at Chickamauga, and they propose to enjoy a big time fighting their old battles over again. There will be from two hundred to two hundred and fifty of them and many of them have never seen Chickamauga field since the 18th and 19th of September, 1863, when the northern and the southern armies met in a death grapple along the banks of Chickamauga creek, the Indian name mean-

A Historic Document.

Hon. John W. Maddox, congressman from the seventh has unearthed an interesting historical document bearing on the indecisive battle of Chickamauga. It is a letter from General Rosecrans to

President Lincoln. The federal chief wrote it on the night after the battle.

In the letter he stated that the right and center of his army had been beaten back. but the left held its own, though with

He added that he was going to fall back on Chattanooga and that he hoped to be able to hold his position, but felt grave doubts, as the results of the battle had been so fearful to the federal cause. This letter has not been published among the historical facts concerning the battle and shows that the federal commander himself did not claim the battle as a federal vic-

Placed Under Bond.

A man living near Buchanan, named John Hazlitt, was brough here and placed under a bond of \$500 on a charge of having been crooked in his dealings with G. A. Miller & Sons, the nurseryman. They claim that he committed a forgery. He surrendered himself of his own accord, and his friends say that the matter will be adjusted without any serious trouble.

The Twenty-Sixth Anniversary. Oostanaula lodge of Masons is making extensive preparations to celebrate the twenty-sixth anniversary of that organiza-

all over the country have been invited and the occasion will be one of much interest to Masons here and all over the state. The present worshipful master, F. A Johnson, is exerting himself to make the occasion an event in Masonry in Rome. The lodge is made up of some of the best

Atlanta and Savannah. He had many friends all over Georgia and during his residence here, where he was connected with the Chattanooga, Rome and Columbus, was one of the most popular railroad men in Rome. He leaves one sister here, the wife of Colonel Henry Walker, a prominent attorney. He was a member of the Methodist church and an

exemplary Christian. A Great Convenience.

The new train over the Southern, from Rome to Atlanta, will be a great convenience to the people of this vicinity who want to run down to the exposition and return the same day. The train leaves here at 7 o'clock in the morning and arrives in Atlanta at 9:40; returning leaves Atlanta at o'clock in the afternoon and reaches here at 9:45, giving visitors about seven hours

Shorter College Opening.

On Wednesday Shorter college will open with a large attendance of girls from all over the south. President A. J. Battle has been hard at work all the summer working for the college and has succeeded well. He has gone to Atlanta now to meet the young ladies who will begin to arrive there

THE BLOW WAS FATAL.

J. B. Stewart Dies from the Blow Inflicted by Wilkinson.

Carrollton, Ga., September 16 .- (Special.)-J. B. Stewart, who was hit on the head with a nail puller in the hands of Henry Wilkinson last Wednesday, died this after-

Wilkinson last Wednesday, died this afternoon at 3:15 o'clock. He never was conscious after the blow. Wilkinson was taken
in charge immediately after Stewart's
death by Sheriff Gammon.

The cause of the difficulty was the price
of a pair of shoes which Stewart's son
had bought from Wilkinson's store. The
shoes were priced at \$2.75 and the boy
reported to his father that they were only
\$1.75.

Wilkinson has made a host of friends, won by his gentlemanly demeanor since moving here. Stewart had been living here for upward of twenty yards following the occupation of a photographer. Stewart leaves a wife and five children, three sons and two daughters. An autopsy will be held in the morning. Wilkinson has employed Judge W. C. Adamson and others to defend him. An inquest will probably be held tomorrow.

WILSON HELD FOR MURDER. The Officer Stated Before He Died That

Wilson Shot Him.

Columbus, Ga., September 16.-(Special.)-The coroner's jury, after investigating the murder of Officer Edward Jackson, today fixed the crime upon William Wilson, young white man whom the officer stated before his death and who a negro swore at the inquest did the shooting.

AUGUSTA'S SCHOOLS OPEN.

Augusta, Ga., September 16.—(Special.)—The public schools opened today in Augusta. There was an unusually heavy enrollment for the first day—3,900. There were 12 at the Girls' High school. At the Mango street school for negroes there were 700. From the opening enrollment it is probable that the full capacity of ail the schools will be taxed this yest.

Hand in the Bass Case.

IT TELLS OF NEW WITNESSES

An Unknown Gives the Name of an Alleged Important Witness Who Proves To Know Nothing of It.

a hand in the investigation of the Baker A Bass murder mystery. An unknown per son sent a letter to one of the detective working on the case yesterday, in which it was stated that there was a living witness who saw a man running away from the scene of the murder on the fatal Friday morning when Bass was found welter ing in his own blood on fvy street.

The contents of the letter were quickly

investigated and as quickly denounced as a fabrication. The alleged witness in question denied emphatically the truth of the statement and expressed indignation at the contents of the anonymous letter. The unsigned letter writer stated that

there was a lady who formerly lived on Ellis street near the scene of the crim vho saw a certain man running away from the direction in which she had heard pistol shot on the morning Bass was lled. The writer said that the lady looked out of her door on Ellis street and yelled at the man to stop, but he declined to do so, continuing in his flight from the scene of the murder.

The lady in question now resides on Ccoper street. The letter writer said that she resided on Ellis street at the time of the murder. That the lady denies as an untruth, stating that she never resided on Ellis street in her life. She says that she knows nothing in the world of the f the unknown letter writer in bringing her name into the case.

The lady is well known in the city and derself and husband lost no time in making a denial of the statements of the anony mous letter writer yesterday. They called at the office of Colonel T. W. Rucker and Mr. Charles Camp, attorneys for Bass's family, and stated that the letter in ques-tion was a tissue of falsehoods. The hus-band said that his wife was not in the city on the day of the killing of Bass and that she knew nothing of the case. She never knew the man whom it was stated she saw running down Ellis street and does not know him now. The lady said that she was in Toccoa, Ga., on the date

of the murder. The letter received by the detective cre ated somewhat of a commotion among those working on the Bass case. It was thought by some that the murder mystery had been solved, but when the investiga-tion was made the theory dwindled into nothingness and took its place along with many other wild, worthless theories. cently advanced in connection with the

Bass case. The murder of Bass remains the dark mystery that it has been and will likely continue to be for some time. Tangible evidence has not yet been secured against the perpetrator of the diabolical crime,

A Story and a Statement.

In The Evening Journal H. T. Jenkins de the central figure in a story regarding developments in the Bass case. Jenkins is quoted at some length and a tory of interest, if not truth, is developed from what he is alleged to have said.

Last night Jenkins sent for a Constitution reporter, saying that he had a story regarding the Bass murder. A reporter went at once to the office of P. L. Pettygrew, where Jenkins and James M. McCray vere found in waiting. Jenkins held a paper in his hand and

said that it contained all that he desired to say and it read as follows:
"The article appearing in The Journal is, occurred in Cobb county, where he removed from here about a year ago.

For four years he was general yard masing to be the representative of The Journal ter of the Central railroad, in Atlanta, and before that time was a conductor between Atlanta and Savannah.

called at my house. He told me he had a story relative to the Bass murder case, and that the city editor had sent him out verify it. His tale was written out. I remonstrated with him and told him that

> being the author of any such article as appeared in The Evening Journal. "I wish to say, in justice to Mr. .Conn, although I have not been on good terms with him, that, in my opinion, the evi-

his tale was incorrect, and I hereby deny

dence against him is not as strong as it was some time ago."

On the same sheet of paper is the following, which McCray said were his senti-

"I heard Mr. Jenkins remonstrating with the reporter and asking him not to print the article which he had, as it was not correct. I do emphatically state that Mr Jenkins did not give the reporter that story as written in The Journal. I was present and near enough to both see and hear.

Mr. Jenkins Questioned. Jenkins was asked if he would state that what was contained in the article was untrue and he said that he would not swear it. As Jenkins states the story was written when brought to him, it was evidently obtained from another source.

When asked if anything in the article was

true he replied: "I do not care to say anything further. The public has an interest in the case and I know any publication will break every thing up. I begged the reporter not to publish the story."

Weather Forecast for Tuesday. Virginia-The weather will be generally fair during the day, although showers are likely to occur in the early morning, southerly to westerly winds, slightly

warmer. North Carolina-Fair except local thun der storms in western portion, southerly winds, slightly warmer in eastern portion. South Carolina—Fair, slightly warmer, southerly winds. Georgia—Fair except local thunder

Will Be a Freshman.

Will Be a Freshman.

Mr. Tinsley W. Pucker, Jr., the son of Colonel T. W. Rucker, assistant United States attorney, left last night for Athens, where he goes to enter the State university. Mr. Rucker will enter the freshman class and will be among the many promising Atlantians who will win success at the university this term. He won many isurels in the Atlanta schools and will enter upon his collegiate studies with the prestige of success here. Mr. Rucker is a promising young man.

Wedding and Correspondence Stationery. Our Wedding Invitations and Marriage Announcements are correct in form and handsomely executed.

SPAULDING & CO. JEWELERS,

ROME TROOPS MARCH IT WAS A MYTH.

Margaret Arlina Hamm, the brilliant New York newspaper woman, arrived in the city yesterday and was warmly welcomed by her many friends. No woman has a more affectionate place in the hearts of southern women than this brainy and brilliant young journalist. The work she has done for the woman's department has gone largely toward making a success of the exposition as an entirety. During her visit here a year ago at the convention of the women suffragists she became very much interested in southern women and their progress and future, and after she left she began at once to advertise through the north in every way the work being carried on by them for the woman's de partment. At the exposition grounds resterday she expressed the greatest enand what the women had accomplished in particular. She was laughing about an article that appeared in one of the New York

women of the south and said that they needed the energies and stirring qualities of the northern women. "Whenever I hear," she declared, "people talking about the lack of energy in ern women it makes me smile. I don't think I have known in my whole life a set of women who have evinced such energy, such force and power as the women have shown for their cause down here. city, too, seems so alive and so full of energetic, ambitious people. The old idea of the slothfulness of the south is a playedout one and exists no where really except n the minds of the uninformed and the

papers in which the writer spoke about

the backwardness and non-progress of the

tories of some southern writers."
Miss Hamm, in speaking of the people who were coming to the exposition, said "I do not think the southerners realize now important this exposition is through-out the whole country, and even abroad, for representative women in London and Paris as well as from the great cities of our own country will visit this fair. Lady Somerset will be here, of course, and the countess of Aberdeen. Then there is Mrs. Massingbred, a famous woman who was president of the Pioneer Woman's Club of London, the first woman's club in the world; there is Mme. Antoinette Sterling, of Australia, a beautiful woman with the form of a Greek goddess; she will sing at the Woman's Christian Temperance Union congress to be held here. Her voice is al to Scalchi's and she composes he wn songs. Mme. Koraini, the charming Syrian woman who lectures in oriental costume, will be one of the noted guests, and Miss Frances Willard is coming, of and Miss Traces what is comme, or course. I really do not think that the potent meaning of the woman's congress is fully understood. It is a great matter for consideration and one of profound public interest that as many as 7,000 wo-men of worth and distinction will repre-sent themselves here in a body."

Margaret Arlina Hamm will be here about three weeks and during that time she will correspond for The New York Herald, The Mail and Express and The New York Sun, besides syndicating a number of exposition letters to other papers. She is a woman who deserves the honor and courtesy of every place she visits, and this she always receives. She is not only a gifted writer, but the work she does is entirely free from the stupid sensationalism that pervades a lot of newspaper stuff. Although possessed of the keenest wit and the clearest understanding of the ridiculous side of things, it is her rule through life never to write a scurrilous thing concerning a woman, and she has carried this feeling out and imbued other people with it in an interesting way. In the editorial offices of The Mail and Express there are placards posted about containing these words: "In respect to the editor of our woman's department no ar-

ticle is allowed in this paper which in any way ridicules or censures a woman."
Such a woman with such high and kindly motives, especially when she represents a profession of so much power either for good or evil, is indeed worth the friend-ship and admiration of all honest peo-ple. When she takes an interest in a cause you may be sure she will represent it in the best and highest light, for not a suggestion of that synicism and sharp wit which pervades articles of some newspaper people is to be found in her writings. S is a broad humanitarian whose personal work and whose influence in journalism will have great power in the march of

rogress.
Miss Bond, special correspondent of The Cincinnati Times-Star, is in the city for a few days. She is an exceedingly bright and clever young woman and during the year she has been in journalism has made for herself an excellent literary name. She edits the woman's department of The Times-Star and also does special corresponding for that paper. Personally she is a tall, slender girl, with clear-blue, expressive eyes, and that faultlessly fair skin which goes with her Titlan-colored har. She is in the party from Ohio which came from Cincinnati to arrange the Cincinnati room. Mrs. Moerlein, the representative ot Chio, is the chaperon of the party, and the other ladies are Miss Clara Chipman Newton and Miss Agnes Pittman. Miss Newton 's one of the best known decorators in china in this country, and she will have an extensive exhibit in the decorative art department. In many ways she is import-ant in her state, being the secretary of the Cincinnati Woman's Club and the Daughters of the Revolution and the Cin-

cinnat! Pottery Club.

Mrs. William Reid, of Baltimore, is here
in the interest of the Baltimore room. Mrs. Re'd is one of the distinguished and beau-tiful women of Baltimore, Md., and the ex-hibit that she will have will be a beauti-ful one, and will represent many thou-sand dollars.

Mrs. Barrett, of Washington, D. C., is

here among old friends and is warmly and genuinely welcomed by them. Her's is a strong and invigorating personality; full strong and invigorating personality; full of brilliancy and woven through and through with the noblest human purposes. She is here for only a short while, but it is to be hoped she will return and remain many weeks when the exposition is at its height. Her social qualities will add much to the piquancy and distinction of social affairs here.

Mr. and Mrs. Clarence Knowles and family have returned after a delightful sumity have returned after a delightful sumity have returned after a delightful sumity have returned after a delightful sumity.

ily have returned after a delightful sum mer spent at Greenbrier White Sulphur Springs, and at the Warm Springs, in Vir-ginia. They are all looking splendidly, showing, as they do, the effects of a seashowing, as they do, the effects of a season of pleasurable leisure in an unrivalled climate and in the midst of thoroughly congenial surroundings. Miss Margaret and Miss Belle Newman were their guests for some weeks during their stay at the White, and the two Atlanta belies received a great deal of attention there.

Mrs. Knowles returns prepared to take up the duties which devolve upon her as chairman of the entertainment committee of the woman's department, and which she will carry out in a most graceful and granner, fulfilling in her own person ideal of the cordial, womanly and bril-

liant southern hostess. Mrs. Mel R. Colquitt, in a recent article in Harper's Bazar, on the woman's de-partment in the Atlanta exposition, has many lovely things to say about the women whose work has gone toward making it a success. She pays Mrs. Joseph Thompson a beautiful and well-deserved tribute She says: "Mrs. Thompson is a mondained in the highest acceptation of the term; fascinating, of ready wit, and withal mercifu and generous. It may be said of her that at the same hour an admirer may be boasting her charms to some exclusive circle the poor girl in a hospital is breathing prayer for the beautiful young woman who ministers so faithfully to those in need and acquainted with grief. Although a woman of ease and wealth, she has proved

nerself a miracle of energy and efficiency. Mrs. Colquitt then mentions in compli-mentary terms Miss Mary Lamar Jackson, who she goes on to say, "acted as Mrs. Thompson's private secretary, and much of the success of the woman's department is due to this brilliant young woman, who worked so untiringly for ultimate victory. She is a literary critic and journalist of high degree."

As the exposition draws to its opening and people come to consider some of the factors that go toward its marvelous success, the names of many men and wemen come to the front. It is pleasant for the near friends of Mrs. Joseph Thompson to cess, the names of many men and we hear the general verdict passed upon her ability by so many of the women who have been closely connected with her through her exposition work. It is not often that a woman in so high and public a position escapes with so much praise and so little criticism. She has impressed all those

associated with her with her wonderful power during a crisis. "I do not know," said Mrs. A. B. Gude, in speaking of her the other day, "what rould have become of the woman's board in certain critical times but for this wonderful women. When I take into consideration that we started out without any money, and when I review the different times that she has come forward and presented plans for money making and assisted in carrying them out, and the way she has secured contributions through personal endeavor, why it seems almost incredible that one woman could do so much. She has held in her hands the reins of govern-ment, she has looked behind and beyond taking in with the keenest eyes and the best balanced head every important ques-tion. She has been considerate to all those with whom she has been thrown, has often worried herself unnecessarily to assist them in their special work and to satisfy the demands they have made. Her patience and her energy have never faltered, and at all times she has acted with a dignity and grace that befitted a queen."

Society Personals. The friends of Judge Henry B. Tompkins ill regret to learn that he is quite ill. Mrs. Ella Bruner has removed from her former residence on Peachtree street, and is now residing at 65 East Ellis street. Moses Adler has returned from York, where she has been spending

Mr. John Wyly, of Montgomery, has been in the city for a few days. Mr. Stovall, of Mississippi, who has been spending the summer at Sweetwater Park, has been visiting Atlanta this week. Miss Mamie Griggs has opened an art studio in the Grant building, and has very attractive apartments.

After a few days pleasantly spent in At-anta Miss Mae Scott has returned to her ome at Rosedale, Miss. Mr. Hayne Ellis of Macon, is spending a few days with his cousin, Miss Augusta

Miss Rebecca Wall is the guest of Miss Miss Julia Huguenin, of Macon, who is now at Lookout inn, will visit Atlanta the ist of October. Misses Mary and Clara Thomas left or Wednesday for Athens, where they attend Lucy Cobb.

Mrs. M. J. Daly, of Savannah, Ga., is visiting friends at 93 Young street.

Mrs. M. T. Whitlock and her son, W. T. Whitlock, will return from New York on the 18th instant. Mrs. M. T. Whitlock and son, who have been spending some time in New York city, will return to Atlanta on Thursday. Miss Ruth Wate is again at home after an absence of s veral months in New York.

Mrs. Dashiell Stepheson, of the Ken-tucky woman's board of managers, is at the Kimball house.

Decorate for Tomorrow.

'oday will be the last chance that our ness houses will have for getting elr decorations ready before the openof the exposition.

Run up your flags and string your inting today. These decorations w'll ve the city the bright and gay aprance suited to such a holiday sea as our big industrial show brings ith it.

The main business streets, at least, ould be profusely decorated. The cost Il be comparatively little, and it is expression of public spirit which alys makes a favorable impression on the strangers who see the city for e first time.

The exposition is an epoch-making ent, and it promises so much for Atnta and for the south that we cannot onor it too royally.

lang out your banners on the outard walls, and roll out your bunting out stint. Such an occasion does t occur more than once in a century;

cep Your Eye on The Constitution.
When the great Cotton exposition of the dawned on Atlanta a great many people said the town would be the for wear when the show was er. It was to be a sort of "After the episode. When the lights were out it was supposed that the dark d settle down on the town. It was eely predicted that the reaction—the tment of some and the untimeglee of others-would tend to retard growth of the city. But the new ue-

ent of Atlanta dates from the otton exposition. matters now go it was a very statt air. It was provincial. It was an ex-And yet, at that time, it emed to be magnificent. So it was, tose who remember it will admit that, was a day's work to saunter through ldings and to examine all the ers there displayed. And yet, the Cotton exposition—the greatest by des that had ever been held in the ip to that time-or in the north, except the Centennial-was doll show when compared to the exposition that will open its gates to-

Roughly speaking, this is called prog ess, but it is something more than that When we say that a town, or a community, is progressive, we mean that each individual is scuffling around to better his own condition. When we say that a town, or a community, is growing, it is to be understood that each individual-each unit in the mass-is helping his neighbor, not always with knowledge, and for the most part ignorantly. Nevertheless the result is the The helping process goes on, same. and while some may grumble and others growl, yet each individual is the beneficiary of the industry of his neighbor.

But the columns of a newspaper are hardly long enough or wide enough to admit of a philosophic discussion of results. These matters, fortunately, are left to those who make books; and the bigger the book the longer the moral.

It is to be presumed that large books will be written about the exposition which opens tomorrow, but after all, the newspaper accounts, written from day to day, and without thought of cou tinuity, are sure to be the best. To this end and for this purpose The Constitution has added to its staff of reporters and will endeavor to present not only the most salient features of the exposition, but those other features that would be likely to escape the eye of the casual observer.

The Hand of Providence.

One of the aspects of the exposition is the opportunity that it will give to the people of the north and northwest to see and study the people of the south. For years we have been on the defen-For years we have been explaining and denying. We have been on the ragged edge, as it were. If a murder occurred in Georgia, in Texas or in New Mexico, straightway the word went forth that we were all murderers, assasins and thugs.

Mainly this was a business scheme and the south never found it out until the discoverey was made that every bloody shirt editorial in the northern newspapers was regarded as so much advertising matter by the western railways which were engaged in stranding immigrants in that inhospitable region. Then, and not until then, it was seen that the whole political situation had been turned into a business situation by the shrewd manipulators and immigration agents who had managed to secure positions with the railways that have their termini in the home of the blizzard. In this way not only the south has been hurt, but hundreds of thousands of people have been stranded in a region that is less attractive than

the Arabian desert. We think that the Atlanta exposition will finally and forever put an end to the current misrepresentation of the south and the southern people. We shall be seen as we are and be judged on our merits, so that hereafter the partisan lies once concocted by railroad agents for business purposes and once idopted by republican editors for police cal purposes will not have as large en ence in the north and in Europe

as they had heretofore. In other words, the opening of the exposition tomorrow will mark the openng of Georgia and the southern states to the kind of immigration that is most desirable. The republican editors thought they were hurting the south when they turned the anarchist tide to he northwest. As a matter of fact, the hand of providence was in it, as it is in so many things. We have been saved and preserved from this visitation by the machinations of would-be enemies, and now we can only turn upon then and thank them for their activity.

Meanwhile throw open the gates of the exposition and let the world pass in!

Our Landmarks Passing Away. The South Carolina constitutional convention proposes to make a new departure in reducing the size of the coun-

ties and creating new ones. For many generations South Carolina and Louisiana stood out against the county system. The former state was divided into districts, and the latter state into parishes. A few years ago South Carolina turned her districts into counties, but they remained the same size as of old, and were as a rule, the argest counties in the union. Louisi-

ana still sticks to parishes. An old landmark was stricken down when the South Carolinians substituted counties for districts, and another will oass away when they make their counies smaller and increase their number.

Perhans the change will be beneficial t will, of course, create more offices, out the officials will find it easier to govern small counties, and the result may be the better regulation of local affairs. The change is of interest because it shows a tendency in all the states toward uniformity in local systems of government.

South Carolina cut up into numerous small counties will be unrecognizable on the map to many old timers.

An Extraordinary Situation.

The New York World, remarking upon he assurance of the syndicate that it will come to the assistance of the treastry from time to time, as occasion may warrant, exclaims: "But what an extraordinary situation it is when the reasury of the richest nation in the world must belplessly lean upon the ourchased favor of a syndicate and the harity of the banks!"

To be sure! But what does our conemporary call riches? According to hose who believe in the single gold standard, there are no other riches but gold. By adopting this standard we have made ourselves the poorest nation in the world, for we have deliberately owered the price of all our products. We have depreciated the price of our products, and we are now told that by raising the price we would depreciate our currency. In other words, higher prices would give us an "unsound" dollar. We hear very little of unsound wheat and cotton in this connection; out that is because the dealers in monev and not the producers of commodi-

ies have the ear of the public. We are surprised that such a newspaper as The World should begin to flinch over a situation that it has helped she has left nothing undone to make

"the richest nation in the world" be on the verge of bankruptcy? It is very simple. Gold alone is now the measure and source of wealth. Gold has trebled in value. Commodities can no lorger command an adequate supply of it. By cutting off the money supply we have loubled all debts, while the means of paying them are no greater now than

hey were twenty years ago. As a consequence, those who think the single gold standard ought to be maiutained make no bones of piling an the public debt to carry out their purpose. They say that the free coinage of silver would send our gold abroad. But our gold is going abroad now and there is nothing to take its place but debt. Gold might go out if the mints were open to silver, but at least we should be free from debt; at least we should have a supply of money coming in to take the place of the disappearing gold. As it is ve have nothing but debt.

Admitting that gold would go cut under the operations of the free coinage of silver, would matters be any worse han they are now? Would they be as bad? Gold is going out now just as rapidly as it could go out if the mints were opened to silver. All that we have to show for it is the increase of the public debt, and that is neither a remedy nor palliative, for as soon as Europe has taken one dose of our bonds it wants another, and, in response to its acmands, gold is going out.

We have been informed that the free coinage of silver would send our gold broad, and that this would be a very norrible thing. But is it any the less orrible when our gold goes out without the free coinage of silver and we have nothing to show for it but an inrease of debt?

We pause for a reply!

Senators Are Not City Products. The Chicago Times-Herald has the

If it is your ambition to be a United States senator, take my advice and go and live in the country or in one of the smallcities. If you hail from one of the great cities the chances are nearly ten to one

against you. Look at the last senate. There is body there from New York, Chicago, Boston, Philadelphia, Baltimore, Cincinnati, St. Louis, Pittsburg, Buffalo, Cleveland, San

Francisco, New Orleans or Brooklyn. The Richmond Dispatch makes this

In Virginia there is no United States senator from Richmond, the largest cfty in state. It is said there is a prejudice against cities which operates to the exclu sion from the senate of men living in those cities. The Raleigh News and Observer is

on the same line. It says: In North Carolina there are no large and therefore the same conditions do not prevail. Since the war city, Wilmington, has furnished one senator, Mr. Abbett; our second city, Raleigh, one, Mr. Merrimon; our third city, Charlotte, one, Mr. Vance. The other senators come from the country or small vil-Mr. Ransom has lived on his farm in the country; Mr. Pool lived in Elizabeth

City; Mr. Butler lives in the country, and Mr. Prichard in a small village. There is no doubt that residents in coun try districts have a prejudice against boss by machine methods is responsible for the prejudice.

This is a suggestive array of facts but as there are very few large cities in the south there is less antagonism here between town and country. Our people, whether they toil in towns or in the rural districts, are all in the same boat, doing their level best to forge ahead, and we do not believe that they are in the habit of making a man's city or country residence turn the scale either way. As a rule they want their best men in the senate, no matter where hey live.

An Outsider on Atlanta.

The Richmond State has an interesting interview with Mr. Ashton Starke, of that city, who recently visited Atlanta on business connected with the exposi-

In the course of his talk Mr. Starke said: It is difficult for one to conceive how

ose Atlanta people could have gotten up such a great show. The exposition grounds onths ago practically an old field, are now a little city. Yes, it is going to be worth the while to visit the exposition. Its magnitude will astonish everybody who goes there. Yes, thew are hustlers and more than hustlers. What they have accomplished is truly wonderful. I told them so and I meant every word of it. Compared with Richmond, Atlanta, I might say, has no natural advantages. Here we have access to the sea, as fine a drainage system as there is in the world, splendid water power, a temperate climate and all other advantages. Why shouldn't we outstri those Atlanta people? I sometimes wish Why shouldn't we outstrip could fire a cannon calling all the peop into Main street and had the eloquence to fire the citizens with such zeal and enthusiasm as have possession of those Atlantians What a city we could make if only we What a city we could make it only we would all determine to do so. Why, the Richmond capital invested away from here if put into manufactories in Richmond would at once increase our population by 10,000 or We must have a manufacturing city money is invested at hor the Atlantians borrow money to build up their city. I love Richmond dearly, but I must confess that we lack the snap and push of the Atlanta people. Why, down there even the newsboys and the boot-blacks. blacks "blow" for the town. We are not advertised enough. A few weeks ago spoke to a gathering of 40,000 or 50,000 people in Pennsylvania. I had many in about Atlanta, but none about Richn I had many inquirie Just such tributes to Atlanta's pluck,

energy and enterprise come from every quarter, and the exposition will inten-

sify them. Our policy of pulling together is bring ing forth good fruit, and the thing to do is to stick to the spirit and the methods that have, in less than fifty years, turned a hamlet in the woods into a

metropolis. Pull together is our motto!

Chicago and Atlanta.

No city in America ever gave a heartier welcome to any delegation than Chicago recently gave Atlanta's mayor and the gentlemen who accompanied him last week when they invited the

Chicagoans to come to our exposition. Chicago's record in this matter is so far beyond our most sanguine expectations that words are inadequate to express the gratification and delight of

our people. The big western metropolis whirled in at the very outset to help Atlanta, and to create. Why should the treasury of our exposition a success. Her newspapers, public men and leading citizens have been advertising Atlanta for the past two years, and they have succeeded in getting up such an exposition craze among their people and throughout the west that we may expect to see them rushing here by tens of thousands

during the next hundred days. Atlanta warmly appreciates the interest in her welfare, manifested in such a timely and helpful way by her big sister, and for all time to come Chicago will hold a high place in the esteem and affections of all genuine Atlantians

The attitude of the great city by the lake contrasts sharply with that of other large cities which have been so backward in taking hold of the exposition but which when they saw Chicago and her press and people pulling for us, liberally and without stint, at last joined the procession and became the belated champions of the exposition.

In honoring Atlanta, Chicago has hon ored herself. She has wiped out sectionalism, and her genuine American Ism and generosity will add new laurels to her brow. It is good to feel that the Atlanta of the north and the Chicago of the south are now so closely linked together.

Hand in hand, let them march up the highway of progress; hand in hand let them share the spoils of their peaceful commercial and industrial triumphs hand in hand may they work and win through the generations of the future!

The Opening Day.

The Constitution of Thursday morning September 19th, will contain the full proeedings of the opening day of the Cotton States and International exposition.

The address of President Collier. The oration of Judge Emory Speer The speech of Professor Booker Wash

The story of President Cleveland's touch ing the electric button. The whirr of the machinery.

The congress of nations, represented by Americans, Turks, Chinese, Japanese and people from every clime under the sun.
All will be told in detail, profusely ill

trated, in The Constitution of Thursday News dealers and others interested are urged to send in their orders for the paper containing this graphic chapter of American development and progress. Single copies 5 cents, or \$2 for The Consti-

tution from now until the end of the year. If gold is going out any way wouldn't It be just as well to have the free coinage

of silver? Speaker Crisp seems inclined to talk right out in meeting.

Mr. Cleveeland said in 1893 that he had an unbounded admiration for "the pru dence, sagacity and generalship" of his friends at Chicago What will he say in 1896 when the eastern delegates flock off by themselves and nominate him unanimously? Another card will be in order.

Some of the goldbugs think that Senator Pugh is to be defeated in Alabama by the postmaster organs. There will be a political revolution in our sister state wher this occurs. It is very funny that John Sherman re-

fuses to come out as an administration lemocrat. Possibly the situation in Ohio will not admit of it. The eastern papers will quote Speaker

Crisp correctly after awhile. present they haven't got time.

EDITORIAL COMMENT.

"Draughtswoman" is a new official title, and the latest to earn the right to wear i with distinction is Mrs. Eva A. Weed, of Brooklyn. Mrs. Weed took the civil ser-vice examination last February with 108 ompetitors, all, men, eclipsing them all and making a percentage of 94. Last week she received the appointment by City Work Commissioner White as assistant of sewers at a salary of \$70 a month. Mrs. twenty-five, highly intelligent and with the confidence in her own ability that comes from a thorough knowledge of the subject.

The fact that Mrs. Samuel McKee, of Pittsburg, broke her fan the other day is chronicled as a misfortune by the Pittsburg newspapers for the reason that there is only one other far like it in existence, and that is the property of Mrs. U. S. Grant. Each of the fans was the gift of Minister Bingham when he returned from Japan, and the discovery of the resemblance was made when the two ladies met at a recep-tion in Pittsburg on the return of General and Mrs. Grant from their tour of the world. The fans are of delicately trans-

parent shell, beautifully decorated in gold. The late Charles Valentine Riley was born in London, England, September 18, 1843. He attended school at Chelsea and Bayswater until he was eleven years old, and was then sent to the college of St. Paul in Dieppe, France, and three years later went to Bonn, Germany. In 1860 he came to the United States and settled on a farm in Illinois, where he obtained a prac-tical knowledge of agriculture. Subsequently he became editorially connected with The Evening Journal and The Prairie Farmer in Chicago. He relinquished these positions in May, 1864, to serve with the One Hundred and Thirty-Fourth Illinoi volunteers, and when his regiment was disbanded toward the close of the war he resumed his connection with The Prairie Farmer. In 1868 he accepted the office of state entomologist of Missouri, which he held until 1877, and then he was appointed chief of the United States entomological commission for the purpose of investigating the Rocky mountain locust. He was made entomologist to the bureau of agriculture in 1878, but soon gave up this work and returned to the entomological commission, for which he edited and made important orginal and practical portions of its four large reports (1877-86). In 1881 he organized the entomological division of the bureau of agriculture and continued in charge of that division for many years. Professor Riley's great services to the community have been accomplished by his valuable researches on the insects most injurious to American agriculture, including the Rocky mountain locust, the army worm, the chinchbug, the canker worm, the cotton worm, the potato beetle, and the phylloxera. He has published a large number of papers, and has contributed largely to the press and encyclopedias.

A San Francisco girl who is entitled to the pity of sane persons has been attending the trial of Durant, who is charged with two particularly atrocious murders, and has sent him bouquets each day since the opening of the trial. It is a mystery why feminine hysteria always breaks out in the form of bouquets. Seemingly noth-ing else will satisfy the craving for idiotic action. Every time a man is in the mur-derer's chair there is certain to spring up from one to half a dozen women who would be better off and more suitably would be better off and more suitably placed if tenderly cared for at an insane asylum. The mind feminine is curlously constructed. Pity and sympathy are qualities generously served out to every woman and, in these especial cases, superfluously loaded onto them. The result is that these women become laughing stocks in the community, injuries to themselves and objects of disdain and contempt to the criminal men of whom they make temporary and disgusting idols. Women who are struggling for the advancement of their sex can do no better than to gather in this class of morbid femilinies and train them into ways of common sense and JUST FROM GEORGIA. "The Grenadiers."

(To R. S. Pigott.) Pigott was singing "The Grenadiers," and I in the shadow sat, And thought of the time when the Em

peror stood there in his old cocked And said to the guards at Waterloo when his star was sinking dim: There lies the road to Brussels!"

Pigott was singing "The Grenadiers," and I in the shadow kept Time to his voice's silvery chime; and it maybe that I wept When "My Emperor is Taken" came ring-

how they died for him!

When you hear the bugles blow! We're marchin' on from Billville To Atlanta and the show!

Mr. R. S. Pigott, the poet, has received telegram from Victor Herbert, leader of Gilmore's celebrated band, in which Mr. Herbert informs him that he has recently adapted to music several of Mr. Pigott's most popular poems, among them being the well-known verses, entitled: "That Day I Spent with Jonas at the Old Saint James Hotel," and, "When Stanton Struck the Stage." Mr. Herbert is confident that ooth songs will be very popular. Mr. Pigott's latest poem, which will soon be the hands of the musician, is entitled "Idvls of the Heart," a passionate lyric which is destined to win new fame for this rising young author.

An Exposition Song. Clamor of crowds in the streets and the world growing wild in its glory!

Blowing of whistles, and ringing of bells and many a wonderful story That comes from the gathering nations of progress and peace, and the sound Of the thunder of cities that echoes to the blue and the magical round

Of the heavens of God bending o'er us * * * And here's to our country sublime.

With the world in a jubilant chorus that rings through the ages of Time!

The many newspaper friends of Ed Mc-Kissick are glad to welcome him in Atanta. He is one of the cleverest of all the boys who ever wielded a pencil, and the fact that he is now in the hotel business does not in the least detract from his popularity. As they say in Chicago, h s "all wool, and a yard wide."

When McKissick Came to Town. When Ed McKissick came to town the bands began to play.

And "Dixie" went a-rolling o'er the moun-And the red stripes of "Old Glory" waved in splendor up and down Kissick came to town!

When Ed McKissick came fo town the stars in welcome smiled The engines-they went whistling, an' the eeple bells went wild! And there rose three cheers from Dixie. which no noisy bells could drown And the big balloons went skyward when McKissick came to town!

He was welcome on the mountains-he was welcome on the plain, His smile a benediction in the sunlight And the flags waved from each steeple, and the skies—they ceased to frown, And a shout rose from the people when McKissick came to town!

THE LARGEST AND SMALLEST.

A Queer Incident Concerning Two Consecutive Fulton County Checks. Columbus T. Payne, county treasurer for twenty years, had a queer happening in the matter of signing checks last week. In fact, so impressed was he by the incident that when any of his friends wander up to see him he quietly takes them to his checkbook and points out checks 1035

the incident. The first named was the smallest check that Treasurer Payne has signed since he has been in office and the next one was the largest that he has ever signed. Check 1035 was for 25 cents and signed. Check 1035 was for 25 cents and 1036 was for \$25,000.

Treasurer Payne is inclined to regard it as an omen for bad weather during the exposition, but his friends say that it means that he has a cinch on the office as long as he wants it.

In the meantime Treasurer Payne is trying to discover just why it should have happened so.

These two consecutive checks compose

WILL BE DISCONTINUED.

Trains on the Northern End of the Blue Ridge Road Will Not Be Run. Yesterday morning Judge Newman granted an order authorizing the receiver of the Blue Ridge and Atlantic railroad to discontinue trains between the stations of Tallulah Falls and Amandale after Oc-

Tallulah Falls and Amandale after October 15th.

The receiver presented to the court a paper showing that the physical condition of the road between the stations named would not admit of the running of trains with any degree of safety. He further stated that he had not in his possession any funds with which the repairs that were needed could be made. The heavy fall rains and winter weather always seriously affects the condition of the road and makes it dangerous to run the trains unless much repair work that is now needed could be done. The high treaties are in bad condition and are not safe.

ETCHED AND SKETCHED.

Monsieur C. Z. d'Anglade, consul from Monsieur C. Z. d'Angiade, consui non-France at New Orleans, arrived in the city last evening and is at the Aragon. He comes to Atlanta with a commission from the republic of France to represent that government at the exposition. He will be among the dignitaries on opening day and will appear in full regalia and with due pomp and ceremony in displaying spirit of cordiality and friendliness French people as a nation profess for Americans and their interest in the expo-

Monsieur d'Anglade was met last evening by President Collier, Governor Bullock and other prominent Atlantians and was given a warm and cordial reception. He will be among the most conspicuous fig-ures in the opening day celebration and will be given a place in the demonstration in keeping with his rank and title and ex-pressive of the full appreciation of the pressive of the full approach the people significance of his presence by the people who will ded of Atlanta and the south, who will cate the exposition to the people of the civilized world tomorrow.

The Chicago Tribune is a paper never does things by halves. Ever since John Corwin, the irrepressible and ever glorious political writer for that plucky newspaper came south and telegraphed columns of double-leaded "stuff" about the way the natives of Lulu, Ga., rolled for simple sport it has known all over Georgia how eagerly this newspaper goes about special work with-out the slightest fear of being scooped. Telegraph tolls don't count, nor the expense of engaging bright and versatile writers.

And now comes City Editor John Sher man with a corps of breezy and brilliant newspaper men from the regular staff of The Tribune to write about the Cotton and International exposition. sides the city editor, Mr. J. M. Sheahan, Mr. H. F. Miller, Miss Grace V. Corneau and Miss Bertha Damaris Knobe come to take up the assignment of pletely covering the exposition from day to day in every detail. The ladies will take charge of the woman's department of the exposition and will soon be at home in the woman's building on the ground with the indomitable women who are working with such untiring effort to make their

department the success it ought to be. The Chicago Tribune is certainly to be praised for taking all its best men from planting a regular Tribune colony on the exposition grounds for the simple purpo of giving the news, and all the news, from each day. They have instruct to print everything that's going on at the exposition in detail, and will keep the telegraph wires aglow with their lengthy and bright stories every night.

Colonel Sherman, The Tribune's city editor, is one of the best of fellows. promises to bring Colonel John Corwin down to Atlanta, too, if the work gets too heavy for the present force. Everybody down here remer bers Colonel Corwin well His funny stories from the flery campaig in Georgia in '92 when the populists an democrats were pawing up earth and belowing for a fight, did much to keep do trouble throughout the state at all the "deestrict meetin's," for they kept the politicians in a good humor all the while.

Colonel Irby Bennett, of Memphis, is at

Editor Addison Knowles, of The Trib une, of Rome, one of the brightest news papers of North Georgia, is here for few days with two or three cedar pencils and a note book. He comes to catch the tale of the wind as it sweeps over Pied-mont park, where the flags of the exposition will soon be waving. Colonel Knowles is one of the most versatile men in the City of Seven Hills-some call it the city of seven-up—and it is said that he and As-sociate Editor Montgomery Folsom, of The Tribune, will take it turn about and to have the paper represented here every day during the progress of the fair.

"There's something amusing in the sight so many old Atlantian's coming back to the city during the past few weeks," said a prominent citizen last night. "At-lanta has never lost many who came here to live, for they have, with few except always stayed here after coming, but ther is a fellow over there who left the town a ne claimed, this town wasn't gay enough for him. It strikes me that now, wh Atlanta has gone to work and convinced the civilized world that she is the pluckiest city on earth, to have planned and worked out so great a success as the exposition at a time when financial depression darkened the gates of every American city-yes, it strikes me that Atlanta might well say to these returning deserters what the old negro said to his son when he was leaving cabin door to seek brighter fields "Member, now, don't yer ever come back 'less yer got money and clothes, fer calves am too scase about here ter be er killin' fer prodical sone'." fer prodigal sons."

"But," said another, "in Atlanta's casthere are so few prodigals the calves will hold out; so let the bugle sound and send round the jug of September cider. There's room in this town for the whole match of 'em, and they are as gladly wel-comed as they are glad to get back."

Besides being at the head of the Masoni raternity in Georgia and in the fraternity in Georgia and in the front ranks of the lawyers of the state, Colonel John P. Shannon, of Elberton, is one of the happiest men at heart in the whole world. There is not a wittier man in the country than "Genial Jack," as the boys sometimes call him. Once upon a time sometimes call him. Once upon a time when Colonel Shannon was defending a negro in the superior court of the "dark corner" of Lincoln county for stealing wild corner of Lincoln county for stealing wild grapes from a country graveyard he had occasion to wield his tact to great advan-tage. Things were going against the darky as the case proceeded. Colonel Shannon raised a point oct the Shannon raised a point on the quantity of fruit claimed to have been stolen by the fruit claimed to have been stolen by the negro. It was charged that he had stolen a bushel and a hair of wild grapes, and Colonel Shannon proved by reputable witnesses with various estimates that there wasn't that many wild grapes grown in Lincoln county that summer. The jury acquitted the darky on the technicality mentioned.

Sig Mulhauser, a well-known business man of Cleveland, O., is registered at the Aragon.

There will be a meeting here within the next few days of the joiliest men in this green world—the editors of Georgia weekly papers. Uncle Jim Anderson, of The Covington Step was here vertically. papers. Uncle Jim Anderson, of The Covington Star, was here yesterday. He came all the way from Covington to get a new linen duster for the purpose of appearing at his best in the parade the editors will have to the exposition grounds. He has a full line of new jokes, too, to tell around to the boys from the Georgia sanctume. a rull line of new jokes, too, to tell around to the boys from the Georgia sanctums, and it is easy to predict that he will have all the fun he wants and some to spare. The Georgia editors were up in New York not long ago on an excursion, and they were taken in tow by the funny man on The New York Sun and treated to some clever stories in the paper next day, but there is no living writer who can depict in cold type the good humor, the wit, the merriment of a Georgia editor.

Judge John W. Maddox, congressman from the seventh district, spent several hours in the city yesterday, leaving last night for his home in Rome. In talking of the political situation and his personal views, Judge Maddox said: "I very much regret that the work of watching after the details of my contest has prevented my paying more attention to public affairs; indeed, it has kept me from attending to my private business as I should. The contest? Oh, I feel confident that it will end in my favor. test? Oh, I feel confident that it will end in my favor.
"So far as public matters are concerned." continued Judge Maddox, "I stand squarely on my record in congress. I am as firm a believer in the free coinage of silver as I ever was and I expect at some time in the near future to accept two or three of the invitations that have been extended me and will address the people on the questions of the hour. I stand on my record and believe that it is the duty of the party to take a strong and unequivocal stand for democratic principles." VETERANS COMING.

Three Special Trains from the North Came Yesterday.

PROMINENT MEN WITH THEM

Nearly a Thousand Union Soldiers Came to Atlanta Yesterday and Last Night-More to Follow.

The same legions that stormed Atlanta in

the trying days of the sixties are swooping

down upon the city again, but they are coming this time in a spirit of enjoyment, and the town is once more turned over to them for all it is worth. Two special trains rolled into Atlanta yesterday from Chattanooga over the Southern railway loaded with veterans from the encampment of the Grand Army of the .:epublic, and last night the Western and Atlantic also brought in a special train and

three extra sleeping cars on the legular train besides—all crowded with the battlescarred soldiers who fought through Georgia the last time they were Most of them come from the states of Illinois, Wisconsin, Iowa, Minnesota and Nebraska, though there are representatives from all the northwestern states

Probably one thousand of the veterans came to town yesterday.

The union passenger station was fairly choking with them during the day.

They have come to see the country they visited in the trying days that stirred men's souls. They have come to mingle again with the men who opposed them in that dreadful conflict and shake hands across the chasm wherein flows the tide of thrill-

ing memories. Never was there a jollier set of fellows than the party of union soldiers who land-ed from these special trains yesterday. seemed glad to get back to Atlanta and while they couldn't recognize a single landmark of the old town they captured more than a quarter of a century ago they found pleasure in see the sights of a great city which has sprung like magic from smoking ruins they left.

Some of the best men in the northwest are in the party, and some of the most prominent figures in the body politic of the states they represent.

Judge Hicks, the celebrated jurist of

St. Paul, is one of them. He presided in the trial of Harry Haywood.

Colonel D. B. Henderson, of Dubuque, Ia. congressman from the third district of that state, is with the party. Major S. A. Atherton, of Dubuque, is

with the veterans.

Among the other prominent visitors are F. E. Moser, Eugene Levie, E. J. Euling and wife, Tim Murphy, James Kelly, John Page, Captain John Lewis, George W. Healy, Frank Udall, J. L. Horr and wife, William Fuller and wife, all of Dubuque, John Cook and wife, J. L. Taylor and wife, John Dimmock and wife, H. S. Vanderoot, B. Service, all of Illinois and many from Wis-

There are about two hundred in the party from Towa, and about the same nu

from Illinois. They came to Atlanta in special Pullman cars and are dwelling in the cars while here. They were switched out to the yards of the Southern railway, near Edgewood, yesterday afternoon and spent the night out there in the cars which make up thei

The visitors came to Atlanta from the

Grand Army encampment at Louisville and traveled all the way from their homes in the special cars which were put at their service by the railroads over which they Mr. John Cook is in charge of the party, and they are escorted by Colonel George

Jenkins, passenger agent of the Pennsylvania lines. They have visited Chattanooga, Knoxville and Nashville en route, and spent a day at Rome. It is the intention of the division to spend three days in Atlanta, and most of them will remain in the city until after the opening of the Cotton States and

International exposition tomorrow. All of them express themselves as being greatly pleased with their first day's experience in Atlanta. They visited the dif-ferent places of interest about the city yes-terday and went out to the exposition grounds, but owing to the fact that the gates were closed to visitors many of them were unable to see the grounds or visit the

various buildings. They will probably take part in the opening day's celebration and will go to

grounds in a body tomorrow. Many More Are Coming. Fred D. Bush, district passenger agent of the Louisville and Nashville railroad, has just returned from the Grand Army of the Republic encampment at Louisville, where he has been for a week, securing and di-recting business to Chattanooga, Atlanta and points south. He says the Louisville and Nashville handled eighty thousand people into Louisville and during the week sold over \$75,000 worth of tickets to points in the south. He says thousands of Grand Army of the Republic men will be in Atlanta the last of this week. They are stopping all along the line viewing the old battlefields. The Louisville and Nashville handled their trains without any accidents or delays.

THEY LIKE ATLANTA.

Fish. Stone and Davis Refuse To Re-

turn to Alabama. James Fisk, J. E. Stone and Charles Davis, the three men arrested Saturday morning by the police, who are wanted in Alabama for car breaking, will probably be taken to Birmingham in a day or two. The men have declined to go back to Alabama without a requisition and they will be held until a requisition can be secured

by the Birmingham officers. The men are alleged to be crooks of the first water. One of the three confessed to at least two crimes committed by the men while on their way to Atlanta from the north and it is said that they are wanted

n other charges. Drinkhouse and Castleton Released. W. Drinkhouse and W. Castleton, the two men who were arrested by the detectives Sunday night, upon their arrival in the city, were released yesterday afternoon. The men were locked up on suspicion, but the officers were unable to find anything

SOLDIERS ON THE WAY

125 Members of the Washington Artillery Will Be Here Today.

GOV. FOSTER'S STAFF COMING

They Will Arrive on the Vestibuled at Noon-They Will Be Met by a Military Company.

This morning at 11 o'clock the staff of Governor Foster, of Louisiana, and the Washington Artillery, of New Orleans, will arrive in Atlanta.

The Washington Artillery will be headed by Colonel John B. Richardson, one of the most distinguished men of New Orleans. He is an ex-confederate and raffrond magnate of considerable importance in the southwest. He is a gallant soldier and splendid man. There will be 125 members of the artillery, and a band of twenty-five pieces. With the governor's staff and the

LT. COL. JOHN B. RICHARDSON, mmander of the Washington Artillery, Which Arrives Today.

other members of the party there will be over 200 people to arrive from New Orleans this morning. A large number of confederate veterans from New Orleans will be in the party.

The party comes to take part in the opening exercises of the exposition. They will march in the parade tomorrow, and will remain in the city until Thursday afternoon. committee from the Fifth Regiment as follows: Colonel Park Woodward, Major Wilcoxon, Captain Baker, Captain Everett, Captain Massey, Lieutenant Atkins Lieutenant C. H. Plyer, Lieutenant Hill and Lieutenant Oscar J. Brown.

The Washington Artillery is an old com pany, with a record dating back several years before the war. Its members were distinguished for gallant services during the war, and the records of the company during the period of fighting are full of great deeds on the battlefield.

The command is stronger now than it has ever been. It is the crack military organitation of the southwest, and has a worldwide fame. Its members are among the most prominent people of New Orleans. Colonel Richardson, the gallant commander is a native of Alabama. He has lived in New Orleans many years, and has won

signal success in business

Colonel Richardson was identified with the cotton and sugar business in :861, and partner in the house of John F. Wyche & Co. He joined the Washington Artillery as a private December 19, 1859, and was elected first lieutenant of the First company of the battalion that left New Orleans in 1861 for Virginia, in May, and was sent from Richmond at once to Manassas. He commanded a section of three-inch rifles at the battle of Bull Run July Il 1851, under General Jubal A. Early, and to his battery belongs the distinction of having fired the first gun of the Washington Artillery at Bull Run, which was the commencement of that historical artillery States regular batteries rman, Ricketts and Sprague, all of which were silenced and captured. Lieu-tenant Richardson's horse was killed under him in the engagement by a cannon shot. He was with the first battery at Bull Run, First Manassas, Hall Hill, Munson's Hill and front of Washington city.

He was promoted June 10, 1862, to captain, and transferred to command the second battery at Mechanicsville, Rappahannock Station, Second Manassas, Sharpsburg defending the bridge over the Antietam river, Fredericksburg, Chancellorsville, Gettysburg, Williamsport, Fort Stevens, Drury's Bluffs and also the seven days' engage-ment around Richmond, Va., Chicahominy and the siege of Petersburg, Va. He built Fort Mahone in front of Petersburg, and oc-cupied that and Fort Walker until Peters-

on, but nything

Lib-

Fort Mahone in front of Petersburg, Va. He built Fort Mahone in front of Petersburg, and occupied that and Fort Walker until Petersburg was evacuated by General R. E. Lee, moved his battery with the army and was continually engaged on the retreat. The night before the surrender at Appomattox, his battery brought up the rear and was engaged with the cavalry until il o'clock at night near Appomattox Station, his battery firing the last gun of the lattailon at Appomattox. Next morning when negotiations were going on to surrender the army, he refused to surrender his battery and buried his guns (four Napoleons) April 5th, disbanded his battery and made his way to Greensboro, N. C., Joining General Jos. E. Johnston's army and made his way to Greensboro, N. C., Joining General Jos. E. Johnston's army and was paroled when they surrendered at Greensboro, N. C. With the fortitude of a soldier, he returned to New Orleans to apply his energies once more to commercial life.

When the command was re-organized in 1875, he was elected captain of Battery C. He was subsequently elected major and served several years. In 1880, he was advanced to the hightest post in the command, Lieutenant Colonel, which responsible and trustworthy position he has filled for the past fourteen years. It was under his administration that the present building, which serves as the present headquarters of the battailon, was acquired and stands as one of the best proofs of its rare executive ability.

In 1868 he was appointed secretary and treasurer of the Opelousas Railroad company and when the Morgan Railroad and Beamship company was formed some years later, he was appointed to the same position in that company. This position he has filled ever since, as also local treasurer of the Southern Pacific company since 1885, and now secretary and treasurer of the Southern Bridge and Railway company.

PERMANENT RECEIVER.

THE MINCHEN SIDE OF THE CASE TOOK AN UPWARD TURN.

Rogers Will Have To Produce the Money He Obtained for Goods.

Another chapter was reeled off in the Minchen-Rogers case Saturday before Judge Lumpkin when a permanent receiv-

er was appointed. In the order appointing the temporary receiver as permanent receiver Judge Lump-kin directed that W. O. Rogers should turn over to the receiver the funds he had obtained for certain goods sold.

The appointment of the permanent re ceiver calls up the previous chapters in the case. When J. T. Minchen applied for a receiver for W. O. Rogers & Co., of which firm he was a member, Judge Lump-kin appointed a temporary received. As soon as the receiver was appointed

and the case set for a hearing, W. O. Pogers swore out a warrant before Justice Landrum charging J. T. Minchen with perjury. The case went to a hearing, but was thrown out on a technicality. Rogers then went before Justice Bloodworth and swore out another warrant charging per-jury. On this warrant Minchen was bound over in the sum of \$500 after a sixhours' triak

This done, Minchen went before Justice Foute and swore out a warrant charging Rogers with perjury. Justice Foute refused to bind Rogers over and Minchen went before Justice went before Justice Orr and swore out a warrant, insisting upon the same charge. Justice Orr bound Rogers over under a bond of \$300.

THE OPENING CEREMONIES.

ARRANGEMENTS FOR THE FIRST - DAY FIXED.

All of the Buildings in Atlanta To Be Decorated Today-Preparations for the Parade.

Streamers and bunting and flags will be spread to the breezes in all parts of the city today.

It will be a day of decorations and all buildings in Atlanta, public and private, will be gayly draped in honor of the openng of the exposition. Many buildings have already been artis-

ically draped. The Capital City Clubhouse,

the Kimball, the Aragon, the Marion, the Leyden, the Ballard and the executive mansion all present striking appearances. The preparations for tomorrow have been definitely arranged. All directors of both boards will meet at the Kimball house at 12 o'clock. With them will meet the commissioners from the various countries and states, the members of council and all other officials prominently connected with the exposition.

At the grounds the officers of both boards will occupy the stand with the government commissioners, the visiting governors and the speakers. The space in front of the stand will be reserved for the city council and prominent visitors.

It is requested by the military com manders that all stores close at 11 o'clock in order to allow time for the members of the companies to prepare for the parade.

WILL DISCUSS MOODY TONIGHT. The Ministers of the City Will Meet

Tonight in Mass Meeting. The ministers of the city and all friends of the Moody movement will meet in the parlors of the Young Men's Christian As-sociation this evening at 8 o'clock, when the committee that was appointed at the last meeting will make a report of the

work it has accomplished.

This committee, which will hand in its report tonight, has been actively at work for about two weeks and has made a can-vass of the city for the purpose of raising funds with which to build the tabernacle. A great many have subscribed, but there are several who have not been seen by the committee. These are requested to either send in the amount of their subscription or to attend the meeting tonight and hand in their names.

As this is the last meeting to be held in behalf of the movement, it is earnestly requested by the committee that every one interested be present. The plans will be discussed in every detail and the sub-scriptions committee will state what suc-cess it has made in the way of raising the amount recessary. The ministers are hopeful of the success of the movement and believe that everything will be ar-ranged at the meeting tought. The time ranged at the meeting tonight. The time is short, and all are invited to be present

USED HIS GUN.

Henry Davis Fired at Another Negro and Is in Trouble.

Henry Davis, colored, went on the war path sometime Sunday night and proceeded to fire several shots at Jienry Harper. He narrowly missed hitting the negro, and will probably be prosecuted for shooting

at another, a serious state charge.

The two negroes had troulle on the southside, and began fighting with the result stated. Davis made his escape, but was captured by Officer Stallings yesterday morning and locked up.

HE STOLE STOVES.

A Negro Finds Two Stoves in a Vacant

House and Steals Them. Cliff McCoy is a negro with a penchant for stealing stoves blacker than himself. He went on a still hunt for cold stoves a day or two ago and discovered two in a vacant house. He took possession of the household necessities and disposed of them at a Decatur street junk-house. The stoves were stolen from a vacant house on Richmond street. McCoy was arrested by Officer Stallings, who worked up a good case against him. The negro will be prosecuted

\$50 BILL MISSING.

Detectives Looking for a Newton, Ia. Bank Bill for That Amount.

The detectives have been asked to recover an amount of money stolen from F. A. Davis, of the Davis Water Wheel and Machinery Company. Something over two ago, was stolen from him a day or two ago. One of the stolen bills was an Iowa bank One of the stolen his was an lowe bank of certificate issued by the Newton bank of that state for \$50. The banks and merchants of the city have been asked to look out for such a bill.

WEATHER FORECAST AND SYNOPSIS.

The weather charts of last evening showed an area of high barometric pressure covering the regions south of the Ohio and east of the Mississippi rivers, while to the west and northwest the atmospheric pressure rapidly diminished until a well defined center of "low" was formed in the extreme northwest over the Dakotas. During the twelve hours preceding 8 o'clock p. m. there had been light rains at points along the Mississippi river from New Orleans to St. Louis, Mo., and at several scattered stations in the regions north of Georgia. At or near nightfall rain was still falling at Knoxville, Tenn., and New York city, but clear skies were generally reported at other weather bureau stations throughout the country.

For Georgia today: Fair except local thunder storms in northern portion; warmer in eastern portion.

SMITH'S SAD RETURN

Child Are Dead.

GIVES UP TO CHIEF CONNOLLY

But There Is No Charge Against Him and He Is Not Detained-Mr. Cobb's Story.

Yesterday was a day that John S. Smith will never forget.

He commenced the day by arriving in the city from which he has been absent several weeks, and from which, it was supposed, he had fled to escape prosecution on a serious charge.

He went to the home where he had left his wife and pretty little child.

When he was within sight of the home his sister saw him and rushed out to meet him. She threw her arms about the man's neck and burst into tears.

Then she told him that two weeks ago his wife and child had died. The news had not reached Smith, and for a time he was

completely overcome. No one in the city, saving his immediate family, knew that Smith had returned. He came home very quietly, from whence no one seems to know, and went at once to his home on the outskirts of the city, beyond West End. There he heard the sorrowful news of the death of his wife and child.

The strange disappearance of Smith and

the sensation which it created at the time will be readily recalled. It was reported that Smith went away owing Moody & Brewster over \$1,000. The detectives were put on his tracks and a great mystery was made out of his disappearance. It was thought for several days that he had met with foul play and the lake at the old waterworks was dragged in the hope of finding his remains. No clew was obtained, however, which threw any light upon the whereabouts of the missing man.

It was afterwards stated that Smith was in Mexico. This could never be verified. Some weeks ago the reward which had been offered for Smith's capture was with-drawn and it was stated that there were no charges against him. After this the case dropped out of sight of the public and no mention has since been made of it.

Yesterday morning Smith appeared and went to his home, with the sad result al ready mentioned. Soon after receiving this sad news, Smith sent a note to his attorney, Mr. T. R. R. Cobb, asking him to come to him at once. Mr. Cobb went to Smith's residence and there conferred with him. The result of the conference was Smith's surrender to the police authorities. Mr. Cobb and Mr. Smith drove to police

headquarters together, where Smith sur-rendered himself into the custody of Chief of Police Connolly. "I have no charge against you," said

Chief Connolly. "The charges have been withdrawn. The reward was also tothdrawn some time ago."

Shortly after this conference Smith left

the police station with his attorney.
Attorney Cobb says that Smith has been badly treated. "He has violated no law," said he, "and I am prepared to show that he is an innocent man. Smith's return to Atlanta and the withdrawal of the charges against him is complete vindication of him. He now walks the streets a free man.

"Before she died, several weeks ago, Mrs. Smith came to me and stated the facts in the case. She stated that her husband had left home, but she was sure that he was not dead, and that he was guilty of no offense against the law. She asked me to take the case and I did so. I investigated it and found that what she had stated was truethat Smith was not as guilty as was thought. I told her so and I told her that her husband ought to come back. I advised

"The worry was wearing upon Mrs. Smith terribly. It was killing her then and I be-lieve it has hastened her death. Just before she died she sent for me and asked me if I really thought that it would be advisable for her husband to come back. I told her that I certainly did, and there, on her deathbed, she wrote him the letter tell-ing him that I had advised that he could not be convicted and that it was best for

him to come back.
"That letter was sent, and it was the last one that Smith received previous to his arrival here this morning. He did not dream that such misfortune had befallen his household, and this morning when I talked with him and he spoke of his sorrows the tears poured down his cheeks. I never

saw a man more deeply wought up by his sufferings. He has much to suffer and he now walks the streets a free man—with not a charge against him."

Where Smith has been will not be made public just yet. He was advised not to talk about it by his attorney, Mr. Cobb, yester-day.

"His reason for going away was a good one," said Mr. Cobb. "His reason was a good one, and one that will commend itself to the public as a sound one. It will be shown in time. There's no use talking about it now." In the meantime Smith is free.

TO SELL THE SOLDIERS' HOME

Judge Lumpkin Has Passed an Order for Its Sale.

Judge Lumpkin has passed an order for the sale of the Soldiers' Home. This order was the outcome of the suit of the Atanta Realty and Improvement Company to prevent a sale of the property.

This company urged that it had given the land for the specific purpose of a soldiers' home, and that the trustees had no right to sell for any other purpose or

let it be used for anything else.

As soon as it is determined whether or not the company will take further steps, the crustees will hold a meeting regarding the sale of the home.

Pearline. And more need than ever in house-clean-Just look over the list of things that you might use-soaps and powders and fluids and what not. Some of them don't pretend to help you as much as Pearline; some will injure paint, or surfaces, or fabrics; some are only meant to wash or clean certain things.

Comes Home To Find That His Wife and | Full Programme of the New England Cotton Manufacturers Ready.

WILL SPEND FOUR DAYS HERE

Will Stop at the Kimball and Will Be Banqueted by the Exposition and Chamber of Commerce.

The New England cotton manufacturers have completed arrangements for their trip to Atlanta.

They will be in the south eight days, four of which will be spent in Atlanta. They will be the guests of the Kimball while here, quarters having already been engaged at that hostelry.

The association represents a larger amount of capital than any other organiza-tion in the United States. The importance of their coming cannot be exaggerated.

The members of the association leave
Boston October 21st. Their first stop of importance will be at Charlotte, N. C., where they will spend a half day. They will ar-rive in Atlanta at 6:30 o'clock, October 23d, and will go at once to the Kimball, They will spend Thursday, Friday, Saturday and Sunday in the city.

During their stay they will be entertained at a banquet to be given by the Chamber of Commerce and the exposition officials, the details of which have not yet been arranged. The banquet will be an elegant one, however.

The party will return by way of Chatta-nooga, and will take a run up on the mountain. They will go back to Boston exactly ten days after their departure from that city. The following letter has been issued concerning the Atlanta trip by the commit-

concerning the Atianta trip by the committee in charge of that feature:

"To the Members: The members have decided by the mail vote recently taken to hold the autumn meeting at Atianta, Ga., during the Cotton States and International exposition. The board of government, acting on this preference of the members, has decided to hold the next meeting on October 24th and 25th at Atlanta.

"In order that the members may have special facilities for both going and returning the board of govenment has given entire charge of the excursion to Atlanta and return into the hands of Raymond & Whitcomb. The excursion will leave Boston Monday, October 21st, at 6 p. m.; about six hours will be spent in Washington, and about the same time in Charlotte, N. C., and the special train reaches Atlanta on Wednesday, early in the evening.

"The meetings of the association will be held Thursday and Friday, leaving Saturday and Sunday free for other engagements.

"Returning, the party will leave Atlanta Carly Monday morning via Rome, Ga.,

"Returning, the party will leave Atlanta carry Monday morning via Rome, Ga., Chattanooga and the Shenandoah valley, reaching Boston early Wednesday morning, October 30th.

October 30th.

"The entire expense of the whole trip, as per intinerary, including hotel accommodations at the Kimball house, Atlanta, will by \$75 from Boston and \$65 from New York for each person.

"Advices already received by the board of greenwest, indicate that a large number

"Advices already received by the board of government indicate tital a large number of the members will avail themselves of the privilege offered by this excursion, and the board desires to impress on each member that no more favorable opportunity could be offered for visiting the south. Unusual preparations have already been made by the southern members of the association, the officials of the exposition, the manufacturers, railroad managers and prominent men of the south to welcome the association. Letters are constantly being received stating the extent of these preparations and the strong desire of the southern people that we should visit them.

"The programme of the meeting can at this time be stated only in athine. The key-note of the meeting will be the cultivation, picking, ginning, baling and shipment of cotton, viewed from the varied standpoints of planters, manufacturers, buyers and underwriters. Full details of the meeting will be given in the secretary's notice, which will be issued at a later day, when all arrangements are made.

"Members are allowed the privilege of

all arrangements are made.
"Members are allowed the privilege of

"Members are allowed the privilege of inviting guests to participate in the low rates of this excursion, but it is possible that some courtesies may be extended the association which will, of necessity, be confined to the members of the association. "It is important that members intending to join the excursion should notify Messrs. Raymond & Whitcomb as soon as possible.

"A. M. GOODALE.

"A. H. LOWE.

"Committee on Atlanta Meeting."

AT THE THEATERS.

The McKee Rankin-Drew combination opened their return engagement last night at the Grand, presenting "The Bachelor's Baby." As on the occasion of their visit last week, the stars of the combination scored hits. Of McKee Rankin little need be said. He played his part with the ease and grace which characterize all his ef-forts. No better actor in his line visits Atlanta. Sidney Drew, as usual, was perfectly satisfactory in his work. He is from a family of comedians and sustains the reputation of that family. Mrs. Sidney Drew simply charmed every-body. She inherits the histrionic ability of

her parents and is today one of the most delightful actresses we have. Her part of Billy Breeze, "sister to the entire regiment," afforded her ample scope for the display of her great talents. Messrs. Cooper, Tuther and Walcott and Misses Rodgers, O'Neill, Leonard and Johnson are without exception capable players. In fact, to say that the audience was delighted with the performance is putting it mildly. "Bachelor's Baby" will be repeated at 40 YEARS THE STANDAPP

matinee this afternoon and tonight. The piece is well worth seeing.

Mabel Paige's Second Week. Mabel Paige entered upon her second week at the Columbia theater last night, week at the Columbia theater last night, presenting the pleasing comedy, "A Spanish Romance." As usual, she and the several members of her company, especially George Gale, had no difficulty in pleasing the audience. As the days go by Miss Paige's popularity is continually increasing.

Paige's popularity is continually increasing.

Tonight "La Belle Marguerite," one of the best pieces in Miss Paige's repertoire, will be presented, while at matinee this afternoon "The Other Girl" will be given. The matinee prices are 25 cents to all parts of the house for adults and 15 cents for children.

The management has decided upon a novel advertising scheme. On next Saturday night they will give away a beautiful gold watch free. Each person purchasing a ticket to any one of Miss Paige's performances this week will be given two numbered tickets. When the drawing takes place Saturday night the person holding the winning ticket will get the watch.

Underlined. Underlined.

Patrons of the Grand will recognize a welcome visitor tomorrow night in Hoyt's successful comedy, "A Trip to Chinatown." The engagement will be notable for more than one reason. The comedy holds the record for having played the longest run ever known in New York. It will be presented here with the original cast, scenery, properties and other accessories just as given in its long run at Hoyt's theater, New York. The sale of seats opened yesterday morning and Treasurer Horine, of the Grand, will have his hands full today and tomorrow accommodating those who wish to purchase tickets for the three performances of "A Trip to Chinatown."

The announcement of Manager DeGive that Al G. Field and his famous company of merry minstrel men will appear at the Grand Friday and Saturday nights will be halled with great pleasure by the lovers of genuine high class minstrelsy. Field is himself one of the best performers on the minstrel stage today and always has a strong company of comedians and vocalists. This year, however, he has outdone all previous efforts and is said to have the largest minstrel show traveling. Patrons of the Grand will recognize

Horsford's Acid Phosphate. Dr. Lee W. Battle, Durham, N. C., says:
"My work and experience with it has been large and results very good among brain-workers, giving satisfaction in every nstance."

Dr. Price's Cream Baking Powder

A SERIOUS CHASE.

A FLEEING NEGRO RAN OVER A MAN WITH PAINFUL RESULTS.

W. A. Sims Knocked Down Yesterday, the Fall Breaking His Right Arm.

W. A. Sims, of 261 Forest avenue, was rin over by a negro on Decatur street last night and knocked down, breaking his right arm. The negro was being chased by officers and in his flight ran over Mr. Sims while standing on the street.

The fleeing negro had been trying his hand at throwing billiard balls and cues in a poolroom near the station house and was endeavoring to escape from the officers in pursuit. Several negroes engaged in an exciting game of pool got into a dis-pute about something and proceeded to clear the establishment by filling the air with billiard balls and sticks. Knives and razors were brandished in the air, but be-fore the work of depopulation had gone far the police were notified and raided the

Steve Strickland was one of the negroes implicated in the fight. He attempted to kill off several pool players with his cue and then made a break for liberty. He got outside of the place just before the arrival of the police and started off in quick order. The police who responded to the call saw Strickland running and gave chase, closing in on him near Butler and Decatur streets. During the exciting chase Strickland ran against Mr. Sims and knocked him to the street. In the fall Mr. Sims's arm struck the hard pavement and his right arm was broken just above

Mr. Sims was assisted to the station house and then sent to his home on For-rest avenue, where his injured arm was dressed by Dr. Bizzell. The injury was a cainful one.

The fleeing negro continued his run and

was captured by Officer Grant, into whose arms he ran further down the street. He was taken charge of and locked up. Three other negroes implicated in the poolroom row—William Thomas and George and Will Osburn-were arrested later and also locked up charged with fighting. The row occurred in a poolroom in the shadow of the station house. Much excitement was caused on Decatur street by the fleeing negroes and several dozen citizens

ON MRS. NOURSE'S DEATH.

joined in the chase.

The Committee on Professional Work of Women Pass Resolutions.

The committee on professional work of women, of which Mrs. W. A. Hemphill is chairman, passed the following resolutions on the death of Mrs. Williard Nourse, who was one of the active workers on their committee. She was a stranger in the city, known

She was a stranger in the city, known only by a few. She came here to work on this committee and in the fullfilment of her earnest efforts and her desires she was caught by the grim reaper.

Her death is greatly mourned by the committee and her active work will be greatly missed.

"Resolved, That, in the death of Mrs. Willard Nourse, this committee has lost an active and useful member. Aithough young and almost a stranger in this city, she had taken a deep interest in the highest success of our work and had labored with keen intelligence and devoted zeal in the task of uplifting woman by awakening an appreciation of womanly achievements. To this task she had given up herself almost as a sacrifice, for it was too great for her strength. She has fallen asleep in the midst of her labors. She would doubtless have thought her life not too dear a price, so consumed was she by her zeal, if she could have aided in raising woman a hairsbreadth nearer her true sphere. In rendering this high service she has fallen in the van of our army of workers.

"Resolved, That this committee deplores its own loss and tenders its profound sympathy to those who will mourn her death even more than we who loved her and shared in her zeal and her labors.

"Resolved further, That these resolutions be published and that a copy of them be sent to the family of the deceased.

"MRS W. A. HEMPHILL, chairman, "Committee on the Professional Work of women.

NOT SO BAD

After an Early Slump Generally Prices Recovered Sharply.

A MILLION IN GOLD WITHDRAWN

For Shipment Today-Cotton Lost About 7 Points-Wheat Gained a Small Fraction.

New York, September 16.-The stock market was feverish throughout the day, but comparing the closing figures with those steadiness. The foreign purchases today were estimated at fully 20,000 shares. The fesistance shown simply served to nerve the bears to fresh efforts, and before 11 icceeded in breaking prices
In this decline the Southterns, the Coalers, Big Four, Erie prered and the Industrials were most ninent in the downward movement.

t and Pere Marquette preferred Flint and Pere ght 35 against 50, the last transaction before today. Sugar then came to the front and advanced sharply from 1031/4 to 106, the stimulating influence having been ce in refined of 1-16c per pound an advance in reinled of loop per both and Sugar's rise turned the whole market, and later on, when it was announced that only \$1,000,000 gold had been engaged for shipment to Europe, speculation took on rather a cheerful tone. Rumors of a bond issue were as plentiful as ever, but those generally manage these important matters disclaimed any knowledge that the government intended to increase its indebtedness. A favorable feature was the increased demand and higher rates for money, round amounts having been placed at 2 per cent. If rates should continue to ce, gold exports would cease, and consequently operators are watching the loan market with considerable interest. Another rumor which had a good effect was that the bank presidents had held a meeting to devise means to replenish the gold reserve. Subsequently this was deed, but the market left off firm. Pacific Mail was put up from 30 to 32% on a report that the difficulties with the Panama road had been adjusted. After the close

of business President Simmons, of the Panama road, denied this. Railway and miscellaneous bonds were weak and lower in the early trading, but at the close a firmer tone prevailed, the active issues recovering their early losses. The transactions footed up \$2,750,000. sales of listed stocks today aggre-

ed 381,000 shares, and of unlisted stocks 65,000 shares. су, \$98,270,000, Money on call firmer at 2@2½, last loan at 2, closing offered at 2 per cent; prime mercantile paper, 4@4½ per cent.

Bar silver, 66%. Sterling exchange weaker, with actual business in bankers' bills at \$4.88\\@\$4.884 for sixty days, and \$4.89\2@\$4.89\4 for demand; posted rates, \$4.89@\$4.90; commercial

Sugar continue confident of lower prices for that specialty. A new point is de-veloped on the bear side to the effect that a refusal to report to the stock ex-change and action by the stock exchange in consequence of such refusal would be point to depress the stock materially. After such depression it would not be difficult to comply with the rules and regulations of the exchange as to full reports and have Sugar listed instead of There has always been greater profit in the operations of Sugar stock than in the

shorts pressed their advantage. There was no disposition to buy stocks. Good judges, however, say leading stocks have ad a very sharp break and conditions of business are still improving. Considerable liquidation has helped the market.

The bank statement was a very im-

portant factor as foreshadowing higher money, which would mean a break in ex-change and a settlement of the difficulties time being. Bankers were de lighted Saturday over the prospects of better money rates. The probable de-mand for gold this week is uncertain, but t is probable that a fair amount will go. The bears on Sugar are confident of low

St. Paul, Northwest, the Iron stocks, Pacific Mail, the Southwest, the Iron stocks, Southern railway, Cleveland, Columbus, Cincinnati and St. Louis, Denver, Distilling and Cattle Feeding, Louisville and Nashille and Reading are picked out by good judges as the best buying opportunities

for a rally.

There is talk of a reduction of Manhattan dividends and bearish feeling on the stock dividends and bearish feeling on the stock. Earrings—Ceveland, Columbus, Cincinnati and St. Louis for the first week in September decreased \$6,899. Crossman & Bro. have decided to ship \$1,000,000 in gold temorrow.

Closing Stock Review.

New York, September 16.—New York News Bureau, by Private Wire to J. C. Knox, Manager.—Heavy liquidation was encountered by the stock market at the opening and declines of 1@3 per cent ensued. Toward noon there was a cessation of seiling pressure and a sharp rally on shorts covering was the feature of the late afternoon. In some instances prices showed a net gain from Saturday's closing.

Sugar led the Industrials in conse of better advices from trade circles. It made a net advance of about 2 per cent.

Tennessee Coal and Iron also rose above Saturday's finishing price, and American Tobacco is up about 1 per cent. United States Leather preferred was inclined to heaviness on reports of a war in the Union Leather trade.

The weak features. The weak features were Missouri Pacific

and St. Louis and Southwestern, which ailed to recover their early losses.
Rumors of a large syndicate of gold for deposit and all arrangements for a bond ssue offset further gold shipments at high-The market closed strong on the rally.

Financial Gossip

The New York Stockholder. easis is being laid in the market for er syndicate. Meanwhile conditions

A basis is being laid in the market for an ther syndicate. Meanwhile conditions may be discussed, notably the tremendous draft upon the country's gold reserve and the futile efforts of the most powerful inanciers in the world to prevent the traditional hundred millions from being encreached upon.

The undermining of the syndicate by irrevocable laws has been likened to the breaking down of a dam. At first there were the small exports of gold, the little leakages. A weak spot here, a crevice there, the leakages wearing away constantly at the foundations. Is it any wonder that, as in the case of the mill dam that was built out of improper material to stop the outflow of gold finally gave way and out rushed the torrent—over seven millions in one week.

in one week.

More syndicates may be formed, more bonds may be sold, but while conditions affecting exchange remain as they have been for many months the fate of the dam will be the same. Last week Europe continued to sell us securities and goods in large amounts—imports of the latter were nearly eleven million dollars value, an increase of two millions—and refrained from buying our products in quantity. The result was that the syndicate was compelled to ship gold and the treasury reserve fell to ninety-five million dollars.

The hope is now expressed, in line with predictions made before, that the exchange market will get relief from natural causes in the shape of an increased supply of commercial bills. This can come from two sources, wheat and cotton. As to the former, foreigners seem able to buy more cheaply elsewhere than here. It remains to be seen whether a further decline in the cereal will change that.

As regards cotton, what remains to be seen is whether large stocks abroad, a light crop and high prices here are calculated to inspire such a buying movement as would make a gratifying volume of exchange. It is true exports increase a little, though since September 1st they aggregate only 20,000 bales or nearly 50 percent less than a year ago, while receipts at the ports—61,000 bales—are over 50 percent less, showing the lateness and lightness of the crop and illustrating the unexpectedly adverse condition to which the bond syndicate succumbed.

The speculative results, the sudden change from buoyancy to demoralization, is so fresh in mind that comment is unnecessary. There was general liquidation, and all stocks declined under the influence of the financial situation and other adverse facts. Special causes accelerated the fall in some cases, as in Sugar, which tumbled precipitately the day the dividend was declared and again on Saturday, the lass for the week being about 6 points.

Among the causes at work was action by the governing committee of the exchange compelling the trust to make a statement to

which it is said he will not.

The Grangers were the weak, Coalers the strong railway group. St. Paul declined because over-bought. But Burlington was weaker than any of its contemporaries and for the reason that New England sold it freely. Surprise was expressed that it did not respond to the flattering government crop report indicating the largest corn crop ever raised, but omitting to give the condition of the crop in Nebraska.

Now in that important state the Burlington has a larger mileage (2,251) than in any other—twice as much as in Jowa (1,110.)

The crop disaster of July, 1894, brought about a reduction of the crop. any other—twice as much as in Jowa (1.110.)
The crop disaster of July, 1894, brought about a reduction in dividends and such a curtailment of carning power that the dividends paid were not earned. When last week the government gave out the condition of corn in Nebraska and it was seen to be only 56 (and high railway officials confirmed it) there was consternation.

General business continues on a large-scale, especially in iron and the steel rails are up four dollars a ton. The latter was the event of the week in the industry named. Bank clearings were, of course, of large volume and exceeded a thousand million dollars. The increase over last year was 14% per cent. Earnings were somewhat disappointing. The increase for the first week in September was less than 2 per cent. One of the bankrupt roads made the best showing, Northern Pacific, with an increase of \$61,000.

The poor results were decreases of \$46,000 by Nortolk and Western and \$24,000 by Texas Pacific. From general results reported for the period mentioned it is plain, as President Hughitt, of the Northwestern, inas remarked, that low prices for products millitate against a large traffic.

has remarked, that low prices for products militate against a large traific.

Speculators boomed cotton on the government crop report showing the September condition of the staple to be the lowest for many years. If experience hadn't proven that government estimates are historic because they go wide of the mark, last week's report would be a substantial bull argument. But the bureau of agriculture of experience shows is a bureau of last week's report would be a substantial tail argument. But the bureau of agriculture, as experience shows, is a bureau of mistakes. Its estimates, as the records show, are invariably under estimates. Less show, are invariably under estimates. Less pretentious but more accurate authorities than the department of agriculture declare that while the cotton crop is short the shortage has been exaggerated for speculation. Moreover, there is the bearish consideration that supplies in Europe and in this country are large and notwithstanding the admitted deficit in the crop there is no probability of scarcity. Speculation may nold the price for a while and even cause artificial advances. On the latter holders should sell pending a material ultimate decline.

Darwin G. Jones, Manager.

Daniel O'Dell & Co.'s Cotton Letter. By Private Wire to J. C. Knox, Manager.
New York, September 16.—Owing mainly
to disappointing advice from Liverpool,
where prices fell 1-32d on the spot and
465-64d for future delivery, accompanied by
spot sales there of only 8,000 bales, cotton
here was depressed, and at one time 13@14

THE COTTON MARKET.

points lower than the closing figures of Saturday. The decline in Liverpoof was attributed to long selling there, the absence of buying orders and some rather more favorable crop dispatches from this side. Manchester continued slow. New Orleans was at one time 12@13 points lower. Spot quotations were reduced ½c at New York, Savannah and Baltimore and 1-16c@ ½c at Augusta, and they were easy at New Orleans. Houston, it is said, expects \$,900 bales tomorrow. On the other hand the weather in Texas continued dry, many unfavorable crop reports are consequently being received, the receipts are quite light and we think the market is inherently strong. It is true that the English spinners are not likely to buy until they are compelled to, but the crop is unquestionably short, and sooner or later they will be obliged to purchase on a liberal scale. Not a little of the weak long interest has lately been liquidated, and the situation correspondingly strengthened. While, however, we believe cotton must ultimately reach higher prices, we recognize that English spinners will hold aloof as long as possible; that prices are 2½c higher than they were last spring, and that the wisest course is to take at least a part of our profits on the bulge. The covering of shorts caused a rally this afternoon and the net decline for the day is only 6@7 points with the tone at the close steady after sales of 204,600 bales. The ports this week are expected to get only 90,000 bales against 145,812 for the same week last year. The supply of print cloths at Fall River is very small and prices advancing. By Private Wire to J. C. Knox, Manager. By Private Wire to J. C. Knox, Manager.

Hubbard Bros. & Co.'s Cotton Letter.

New York, September 16.—Liverpool opened with an easier spot market; sales 8,000 bales; middling 4½,46, last year 3¾,46. Futures were easy at 2 to 23-64d decline and closed at 4½ to 5 points decline; quiet. Manhattan quoted yarns steady; cloths dull but steady. Our market opened with sales of January at 7.99 to 8.01 and closed at 8.04. Our cablegrams from Liverpool state that the market was affected by offers of cotton from the south in such numbers as to lead them to look for a pressure at lower prices, based on the idea that holders always sell on a weak market and never on a firm one. Our market upon the liquidation of weak Wall street cotton, bought on the expectation of a bad bureau report. After the liquidation the market steadied, as it was apparent the holdings had passed into stronger hands at the decline. Crop accounts from the south grow worse, if that is possible. After a decline of \$2 a bale the trade is disposed to hold cotton, based on light receipts. The market closed steady at the best prices of the day, the recovery being due to large buying by spinners and brokers, who are thought today to have absorbed some 10,000 bales. Liquidation of the long interest seems about over, and the market will be governed now by the demand from the spinners, as crop accounts could scarcely be worse than they almost supposed to make the spinners, as crop accounts could scarcely be worse than they almost supposed to hold cotton, were reduced %c, but even at the decline it is almost impossible to make any sales. Sales for consumption, 152 delivered on contract, 100; middling uplands 8½c, last year 7c.

THE CHICAGO MARKET.

The Statistical Position of Wheat Did Not Hurt the Bears.

Not Hurt the Bears.

Chicago September 16.—The wheat market was in a very disappointing condition at the opening and for quite a while thereafter. The financial problem was one of the leading topics, and every one agreed that in the face of possible monetary troubles it was not policy to buy grain or, for that matter, anything else. Right on top of this deduction came the report that a prominent grain failure had taken place in England. This was too much for prices to hold up under and the decline at the start was supplemented by a further recession. Along about the middle of the session shorts deemed it wise to cover up some of their deals, inasmuch as statistics were not

THE REIGNING SENSATION,

---IN HER MYRIAD DANCES!---

The Sun's Cotton Review.

New York, September 16.—Cotton declined 13@14 points, but raillied and closed 5@7 points lower for the day, with the tone steady and the sales 204,600 bales. Liverpool declined 1-32d on the spot with sales of 8,000 bales. Futures dropped 4@5 points and closed quiet. Manchester was quiet. Cotton goods, though less active, are in fair demand and tending upward. Milt centers report that the production has been, reduced 5@10 per cent owing to the small supplies of raw cotton. Prices of some southern goods are much higher than the opening figures. New Orleans declined 11@13 points and then recovered 5@7 points of the loss. Augusta declined 1-16c@/sc on the spot and New York, Baltimore and Savannah ½c. New Orleans was easy. The receipts there tomorrow are estimated at 3,000 against 4,023 last Tuesday and 6,354 last year. Houston, it is said, is likely to get 9,900 tomorrow. Today Houston received 4,834 against 2,940 a week ago and 8,078 last year. The port receipts were 16,860 against 8,090 this day last week and 30,425 last year; thus far last week.

altogether to their liking. The object of this buying was to put prices up 1 cent over the closing, the final quotations being fractionally below the outside. December opened 57%c57%c, declined to 56%c, advanced to 56%c, closing at 58%c, ac over that of Saturday. Cash wheat was easy early, but closed strong.

Corn—The session in corn brought forth nothing that required particular mention or which affected prices to any great degree, either for good or bad. The undertone was not exactly strong, nor did it exhibit any particular weakness. The early decline in wheat had some effect on corn, but the later strength did not assist it materially. May wheat had some effect on corn, but the later strength did not assist it materially. May corn opened at 28%c., sold between 28% and 28%29%c., closing at 29c., unchanged from Saturday. Cash corn sold at firm prices, the nominal close being strong. Oats—The trade in oats was exceedingly lighter and the range of prices very narrow. The feeling and tone of the leading markets had the usual sympathetic effect on this grain, but operations were of so little consequence that prices moved little. May closed ½c. under Saturday. Cash oats were firm.

May closed \(\frac{1}{2}\)c. under Saturday. Cash oats were firm.

Provisions—The sentiment in product, as voiced by the majority of traders and as expressed by the well-posted, acknowledged experts in that line, was anything but assuring. The demand for meats, it is said, by no means keeps pace with the supplies and a new season will soon be inaugurated with much old stock carried over. Taken in connection with the speculative inactivity in other markets it was partly to be expected that any strength would exist. The hog market was steady. At the close October pork was 7\(\frac{1}{2}\)c. lower, and October ribs, 15c. lower. Domestic markets were quiet.

The leading futures ranged asfollows in Chicago:

Lamson Bros. & Co. s Grain Letter.

Chicago, September 16.—Weak cables, large northwest receipts, indications of large world's shipments for the week, an increase in Liverpool stocks and a heavy feeling in Wall street were the depressing influences in the wheat market at the opening and prices ranged from ½c lower than yesterday's close. Around 57c for December there was good buying, both for short account and undoubtedly some for long by investors. The bulk of the offerings came from a large professional, who, it is stated, covered his lines Saturday, but who was putting it out again today. There was also some selling by tired longs, but the demand was fully equal to the supply during the greater part of the session, although at times it looked very much as if the market might become exceedingly week. News from Wall street seemed to be given most consideration, and as it did not assume a further distressing character traders were inclined not to take so serious an aspect of the situation. There was, however, very little rallying power to the market until after the visible was received. This showed an increase of 1,338,000 bushels, when a much larger one was expected, and started numerous shorts to cover. The market in the meantime declined to 53%c and advanced a full cent. The edge was taken off amomentarily by the announcement that \$1,000,000 gold had been taken for export, but the demand again became large, resulting in an advance of %c. Clearances were again fairly large at about 380,000 bushels. Closing cables quoted Antwerp 12½. Paris 15000 centimes and Berlin %c lower. The strength displayed the latter part of the session may perhaps only be a natural reaction, but we notice there have been Lamson Bros. & Co., s Grain Letter.

N. W. HARRIS & CO.

oats were active. The visible showed another decrease, but receipts are slightly on the increase.

Provisions have ranged easier on selling by Cudahy. There was no feature outside-

by Cudahy. There was no reature outside-this.

This board adjourns tomorrow, September 17th, at 12:30 ο'clocκ p. m. on account of the funeral of Director Blanckman. PROVISIONS, GRAIN, ETC.

MUST CLOSE AT 10

The Council Refuses To Grant the Extension to the Bars.

SALOONISTS OFFER A BONUS

They Promise To Increase the Police Force for Four Months

IF THEY CAN KEEP OPEN UNTIL MIDNIGHT

The General Council Has a Long and Interesting Session—Fast Trains to the Exposition.

The closing hour for the sale of liquor in the saloons of Atlanta during the months of the exposition required the attention of the members of the general council again yesterday afternoon.

But the saloons will continue to close at 10 o'clock every night of the week they are allowed to remai nopen by the law, just as they have been doing ever since the law controlling the liquor traffic has been Mr. Howell, of the board of aldermen, in-

jected the question in the regular meeting of the body by presenting an ordinance granting the saloons the right to stay open until midnight, provided the saloon men subscribed to the conditions enumer-ated in the ordinance. The paper recounted the fact that the city treasury had been pulled for every cent that could be spared and outlined the great trouble the board of police commissioners were encountering to secure enough money to police the city during the exposition. It then repealed the 10 o'clock law during the period of the exposition provided that the owners of the saloons who cared to avail themselves of the extension would deposit with the city clerk \$55 on the 1st of every month to pay for a policeman who should be on duty at that point, and whose services could be made available in the territory adjacent to the saloon. The ordinance provided no saloon should have the right to remain open longer than 10 o'clock which did not de posit the amount of money stipulated with the elerk in advance, and it provided a penalty for any violation of the ordi-

ances governing the sale of liquor.
"Now, I desire," said Mr. Howell, as he concluded reading the ordinance, for he read it himself, "to move that the ordinance be placed on its second reading." "I have listened to the reading of that

ordinance," said Mr. Campbell, "with a great deal of interest, and I move its ref-"I would like to amend," said Mr. May-on, "by making that ordinance applicable

to the fire limits. I mean the saloons in "I hope Mr. Campbell will withdraw bis motion to refer for a minute," said Mr. Howell, "as I have something I would like to say on this ordinance. I know that it cannot be discussed as long as the motion

to refer hangs. There are some reasons for the introduction of the ordinance that Mr. Campbell maybe does not know.' Mr. Campbell agreed to withdraw his mo-tion to refer temporarily.

Colonel Howell Argues It. "Now," said Mr. Howell, "we all know the great trouble the board of police comners is having to provide police for the city during the exposition. They have been time and time again showing us that they could not afford the protection of life and property that is necessary with the appropriation given them, and have been begging for more money. Only this afteron they have sent here another paper begging for more money. They have shown us that they cannot give the service needed for the money they have received, and now that last communication leaves the matter with us. If we don't give them the money they can't hire the policemen needed and the blame will rest with us, the members of the general council, and not with them.

y that communication they have practically wiped their hands of any trouble that may come. Is it right for us to bring strangers here as our guests and then not want to know it in time. Mr. Inman, chairman of the finance committee, will tell you that there is no way for us to get more money out of the treasury for police or anything else. Now then, the saloon men are willing to stand this tax if they are allowed to stay open the two extra hours, and as it will not cost the city a

more policemen. I think it is something w Motions Made and Lost. "I am of the opinion," said Mr. Campbell, "that the finance committee and its members know better about the money that can be spared for any department than any one else, and I renew my motion to refer the matter to the finance committee.

cent but will give us nearly one hundred

The motion to refer to the finance com mittee was lost. "Now," said Mr. Bell, "I move that the

nance committee.' Mr. Bell's motion to refer was lost too. Mr. Howell moved that the ordinance be placed on its second reading, and the mo tion was put, but the members of the coun-cil requisite could not be secured, and the motion to place the paper on its second reading was lost

"What will you do with the ordinance?" asked Mayor Pro Tem. Broyles.

The Ordinance Withdrawn. "I desire to ask the consent of the house to withdraw the ordinance," said Mr. Howel. "I had rather withdraw the ordinanc The consent requested was granted, and the ordinance was withdrawn and placed

as that committee: Messrs. Howell and Tolbert, of the board of aldermen, and Messrs. Nelms, Miller and Sims of the They Want Money and Must Have It. The board of police commissioners sent in a paper stating that it was absolutely

impossible to run the police department with the money that had been appropriat-ed and calling for an additional sum of money. The paper was positive in its demands and was signed by every member of the board.

Its reauing was not pleasant news to the members of the council and the paper was referred to the finance committee. Serve Wine and Beer with Meals.

The Model Cafe and Restaurant Company, a new place on Peachtree street, asked permission of the general council to keep on hand a stock of wines and beer.

The paper stated that the restaurant desired to furnish to its patrons a bottle of wine or a bottle of beer free of charge with meals, and though the restauranteur did not contemplate and would not sell either wine or beer or liquors, he desired to keep in stock a supply of wines and

"Does he want that without a license," asked Mr. Inman.
"I am not sure that we have any right
to deal with this matter," said Mr. Welch,
of the second. "The gentleman does not
contemplate the sale of wines or beer, but

and was given the usual indorsement papers referred are given. The ordinance is now in the hands of the city clerk and will receive the attention of the members of that committee more than likely this mornwill give them away with the meals he serves his patrons. I move that it be re-ferred to the police committee with power The motion was adopted.

His Assessment Too High. Mr. Jonathan Norcross asked that the assessment on his property on Marietta and Peachtree streets be reduced as the figures were too high. The paper was referred to the tax committee. Mr. Baldwin and Mr. Thompson, of the Southern railway, were before the council asking for a change of the ordinance regulating the rate of speed of trains within the city limits.

The question was injected by Mr. Howell

Fixing for Rapid Transit.

"Any engineer or other person in charge of an engine, with or without cars at

tached, who shall run the same through

tracks, which he exhibited to the members

ordinance as it has read for the two tracks of the Southern for trains

to be run to the exposition grounds only.

The other trains on the system will maintain the same law that is now in effect and there will be no change for the bene-

fit of any train of the Southern except those trains that are intended to carry the people to the exposition grounds. A

glance at the map will show that the crossing at Decatur street is the only one upon the surface which is not clear for ob-

servation at all times. At that crossing as well as at other surface crossings, we will supply watchmen enough to keep the

tracks clear. It will be impossible for us to handle the travel that will be given

us with the rate of six miles an hour. As

the ordinance says, the Southern will stand good for all damages that may be occasion-ed by the fast running."

"Why not put gates at the Decatur street crossing?" asked Mr. Miller.

The Ordinance Adopted.

"We are perfectly willing to do that," said Mr. Baldwin, "but our experience is

that gates are more dangerous than good

live watchmen. We will have two there and if it is necessary we will have more.

It will be hard for us to say what our

rate of speed will be, either the maximum or the minimum. If we are to handle the

people as it should be done there will be a

The ordinance was placed on its second reading and was then adopted.

may be heard from.'

The Committee on Legislation. Mr. Campbell, chairman of the commit-tee on legislation, presented a report enumerating the sections of the city code to which amendments would be asked at the next meeting of the legislature.

presenting an ordinance changing section 1285 of the city code. That section of the city laws provides that trains within the corporate limits of the city shall not run at a greater speed than six miles an hour. The ordinance after carrying the repealing clause, provided that: A Beer License at Ponce de Leon. The police committee reported favorably upon the petition of Harry Silverman for a retail beer license at Ponce de Leon Springs, provided the petitioner would pay tached, who shall run the same through any part of the city at a greater rate than six nules an hour shall, on conviction, be fined \$500 or imprisoned not longer than thirty days, either or both, in the discretion of the court. Provided this ordinance shall not apply to Southern Railway Company's trains transporting passengers to and from the Cotton States and International exposition, if said company, before running such trains faster than six miles an hour, shall enter into obligation with the mayor of the city of Atlanta to hold the city of Atlanta harmless on account of any damage which may result to persons or property on account of injury inflicted by rapid running of the trains of said company over any of the street crossings in the said city at a greater rate of speed than six miles an hour, and to reimburse the city of Atlanta in any damage it may have to pay on account of injuries so occasioned.

"See 2 Be it further ordained by the for the services of a policeman. The re-port was adopted.

W. S. Crosby was granted a retail liquor license at the Granite, on Forsyth street. The Southern Wants More Side Tracks.

The Southern wants more Side Tracks.

The Southern railway, through its attorneys, Dorsey, Brewster & Howell, presented a petition for permission to lay additional side tracks on North avenue.

The rules were suspended and Mr. Albert Howell stated that the request was necessary in order to give the company the right facilities to handle the crowds that would be here. He said that the laws of the city could in no way be violated, as the city could in no way be violated, as every precaution would be taken by the ompany.
Mr. Welch, of the second, handed in a

casioned.

"Sec. 2. Be it further ordained by the authority aforesaid, That ail ordinances and parts of ordinances in conflict with the foregoing ordinance be and the same are hereby repealed."

"I see Mr. Baldwin and Mr. Thompson, of resolution granting the request provided the railroad company would not change the grade of the street and would keep a watchman at the crossing.
"I move," said Mr. Harmon, "that the

paper be referred to the committee electric and other railroads with power to That will not cause any delay." Mr. Harmon's motion was adopted. That Consolidated Street Car Fare. The special committee on the increased

rate of fare by the Consolidated to the exposition grounds, Mr. Nelms, chairman, handed in a report. The report stated that the city attorney had advised that the city could not interfere with the action of the Consolidated company for two rea-

sons:

"I. That as to most of the mainly traveled lines of the Consolidated company within the city, it was the successor of the Atlanta Street Railway Company, which had a contract with the city continuing until the 1st of January, 1896, fixing the maximum sum for short hauls of 10 cents, and for through hauls of 20 cents; and, "2. For the reason that the lines of the company entering the exposition grounds pass beyond the city limits before entering the exposition grounds, and in doing so pass over territory not included in the city limits proper, nor in any specially incorporated ground."

The report stated that the city attorner

The report stated that the city attorney was of the opinion that after the expiration of the contract with the old Atlanta Street Car Campany, which would be in January next, or rather at the end of the current year, the general council might control and regulate the fare to be charged; provided that such regulations were reasonable. The actual enforcement of the regulations, however, might be prevented by the country that repeat and vented by the courts, the report said, in

the regulations were unreasonable.

The paper stated that the committee found "that the Consolidated Street Railway Company does not propose to increase its fares over 5 cents for a single trip of any distance except in the case of passer gers who enter or depart from the exposi-tion grounds through the special terminal station built by said Consolidated Street

train every five minutes over the Decatur street crossing. The rate of speed would be something like thirty miles an hour." station built by said Consolidated Street Railway Company."

In conclusion the report said:

"We find also that the arrangement of schedules proposed by the said company contemplates the extension of its regular car service over the various lines throughout the eastern, western and southern sections of the city, so that each of these lines will be supplied with sufficient cars to afford a through service from points along said lines without change of cars and on one fare; that to and from the exposition terminal being 10 cents and between other points 5 cents."

The Turf Exchange. and asserting that more money would have to be set aside for that institution or that

The report was adopted.

The Turf Exchange.

The police and ordinance committee, to which had been referred the ordinance regulating, controlling or prohibiting turf exchanges in Atlanta, submitted two reports, the majority report 'carrying the signatures of all of the members of the two committees except Mr. Campbell, who ing some action as it would be necessary to close the hospital at that time unless signed the minority report alone

The report simply stated that there was no law which actually prohibited the running of an exchange of that kind in the city. Mr. Nelms then presented an ordi-nance providing that no license should be granted an exchange where bets on horse racing were received unless it had been passed upon by the police committee. Mr. Campbell's minority report was in

the shape of an ordinance prohibiting the existence of poolrooms in the city. The rules were suspended and Colone Glenn spoke. He showed that the state aws did not contain anything relative to the exchanges, and while there was a gen eral law against gaming the law stipulated the offenses, and while it did not make anything of the kind legal it was construed to mean or rather might be construed t not be reached by the law. Mr. Campbell's report was voted down

and the majority report of the committee was adopted. Two Resolutions of Thanks.

The rules were suspended and Dr. Coop-r came forward. The doctor stated that Mr. Day, one of the committee from Atlanta which went to Chicago, presented a for one he would rather have the matter resolution returning the thanks of the general council to the Western and At-lantic railroad and to Major McCollum, referred to a committee of three, so that the members of his committee could have more time for a fuller and more complete study of the matter. He added that in the superintendent of that road, for his prievent the report of that committee did not Chicago. please them they could come before the council then and be heard at greater

The other resolution acknowledged the kindness shown the committee by the Chi-cagoans and returned the thanks of the council, promising to make the coming vis it of Chicago to Atlanta a most delightful one. Both resolutions were adopted and copies were ordered sent the interested parties and published in the papers of the

Mr. Campbell presented a resolution giving the Southern Irrigation congress, which is soon to meet in Atlanta, the use of the council chamber for the sessions of

of the council chamber for the sessions of that body.

Mr. Nelms had read a resolution asking the county commissioners, in view of the want of police protection, to add twelve mounted men to the force to be used in patroling the country immediately around the city.

Mr. Bell presented a resolution appropriating \$500 to be used in entertaining the New England manufacturers who will soon visit Atlanta, the money to be taken from the fund given to the department of manufacturers and statistics.

Mr. Colvin presented a resolution directing the decorating of the Broad street bridge and the Forsyth street bridge and Mr. Camp handed in one calling for four watchmen at the Whitehall street crossing. Both were adopted.

Wants All To Be Policemen.

Wants All To Be Policemen. Mr. Welch, of the fifth, presented a res olution converting the mayor and every member of the general council into a po-liceman and giving to them the power to

make an arrest during the exposition. It was adopted.

Mr. Hirsch handed in an ordinance reg-Mr. Hirsch handed in an ordinance reg-ulating more fully the care of persons who have been convicted in police court. It provides that no one convicted shall be sent to the stockade for twenty-four hours after the conviction and after the convic-tion the clerk of the court shall notify the friends and relatives of the party con-victed of the amount of the fine. It stipu-lates that women shall not be made to wear chains and that male prisoners under eighteen shall have the same exemption. The paper was referred to the police and ordinance committee.

Fall medicine is fully as important and as beneficial as spring medicine. Hood's Sarsaparilla should be taken at this season to keep the blood pure and the bodily health vigorous.

THE TURN OF LIFE

WOMAN'S CRITICAL PERIOD

Contemplated with Less Fear than of Old. [SPECIAL TO OUR LADY READERS.]

There is no period in woman's earthly career which she approaches with so much anxiety as the "change of life." Yet during the past twenty years women have learned much from a woman. It is safe to say that women who pre-pare themselves for the eventful period pass through it much easier than in the

INTERESTING

TO ALL

It is interesting to know why Dr. Hathaway & Co., the specialists of 22½ South Broad street, this city, are so popular. A few reasons will explain:

They lead in their profession because they make it a study:
Are the most popular because their motto it honesty and their success unparalleled.

leled.
Are the most experienced because they treat thousands of cases and see the diseases included in their specialty in all their different phases.
Are the most successful because their treatments are new and unequaled in

that you could not be cured. Don't allow a misfortune that can be corrected to mar your whole life because old remedles failed.

TRY THE NEW.

Seek relief in the front column of progress. Consult specialists who have made cases like your own a study, who have had years of experience in their treatment, who have fitted themselves with the especial view of treating certain cases.

THE THOUSANDS OF CASES THEY HAVE CURED ARE THE BEST EVIDENCES OF THEIR EFFICIENCY. Dr. Hathaway & Co. are regular graduates, and hold diplomas from some of the best colleges in the country, and also hold certificates from the state board of health. Their credentials are of the oest and they make a true and genuine specialty of all special diseases peculiar to man and wo manking skin, blood and nervous troubles Consultation is free, either at office or by mail.

SPECIALTIES.

Syphilis, specific blood poisoning, nervous debility, stricture, impotency, unnatural discharges, kidney and urinary difficulties, pile s, rheumatism, skin and blood diseases of all forms, catarrh and diseases of womankind.

Mail treatment given by sending given by sending for symptom blank n; No. 2 for women; No 3 for; No. 4 for catarrh; s: 9 to 12, 2 to 5 and 6 to 8.

A MODEL JAIL

Which Will Be on Exhibition at the Exposition Grounds.

HOW TO CARE FOR PRISONERS

The Manly Manufacturing Company Makes a Display.

WHICH IS OF A DECIDEDLY UNIQUE KIND

Prisoners Arrested, Mock Criminals Hung and the Whole Paraphernalia Will Be Exhibited.

One of the most curious spectacles which will greet the visitors to the Cotton States and International exposition on Wednesday next will be a model county jail in full

The idea for such an exhibit was recom-

R. P. MANLY, the Dalton Manufacturing

ended by numerous letters from members of the International Prison Reform

cells, that there has been a continued im-

show all the development of prison reform.

hand in hand with this reform in the ent of prisoners there could be

exhibited the improvements which make the holding of prisoners more secure.

The Call Answered. It was in answer to these numerous let-

ters from all sections of the union that

the Manly Manufacturing Company, of

Dalton, this state, undertook to erect

on the exposition grounds a jail combining

all of the modern improvements and at

the same time having the cleanliness and healthful accommodations to be found

around private dwellings. This company

provement and that the protest against

HOW THE STEEL CAGE IS FO RMED IN THE MODEL JAIL. the days of John Howard, when pris- 1 and a bathroom, the latter fully furnished

Of the Model Jail on Exhibition on the Exposition Grounds.

built hundreds of jails all over the south and west are well equipped to give the

which was wanted. They have erected the only wholly private building upon the grounds and have officered it

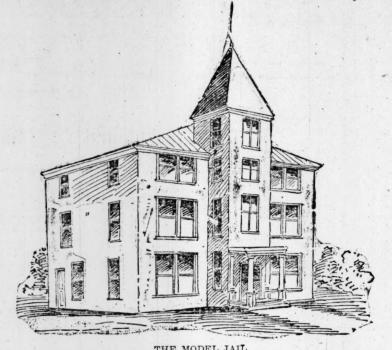

with a jailer and constables and will fill it with prisoners who agree to be held there for the purpose of showing the ex-hibit. The president of the exposition com-

pany and the management generally recog-

worthy of attention, but as being decidedly unique. They remember that all those committed to county fails are only detained for trial and in the eyes of the law are innocent and that the authorities could be held civilly and even criminally liable for the negligence of their treatment of the prisoners. The officers from such counties visiting the exposition could gein | model jail.

The building will be found between the

the most skillful mechanics in the southern states. His exhibit will be one that will attract as much attention perhaps as anything else upon the grounds. The general idea of the jail is that it is built inside entirely of steel crossbars through which it would be impossible for any one to pass unless he had the combination to the doors. It is at the same time well ventilated, perfectly clean, supplied with all the conveniences and in every respect is a model jail.

Which Has Been Built and Will Be on Exhibition on on the Exposition Grounds.

ideas in prison management which would greatly tend to the comfort of those detained, while at the same time accomplishing the purpose of the law in holding them for trial. In the southern states especially all the county officers are rapidly recognizing the actual economy in making their nizing the actual economy in making their buildings absolutely fire-proof and providing cells kept in perfect working order by the maker free of any further cost to the ounty and furnishing every prisoner with all the conveniences and sanitary appliances of a modern residence.

A Look Into the Building.

In the building constructed visitors will find on the first floor a complete residence for the jailer and on the second floor his office and search room and separate apartociation. The writers suggested that ments for females, juvenile, insane, etc.,

floor is a cage, or nest of steel rooms, each

opening into an exercise corridor inclosed

for the safety and protection of the faller in handling the prisoners. The concealed mechanism which operates the hidden bolts through the cell doors from the out-side of the cage and the "tell tales" con-

nected therewith to correct possible care-

lessness on the part of the jailer, the hangman's trap, etc., will attract the attention of all having a mechanical turn.

By this mechanism a large steel platform

which is held up against the wall and apparently a part of it, drops from its position and a gallows makes its appearance,

ready at the touch of a button for the ex-

ecution of any criminal who may need that operation. From the windows of the fourth room in the tower—which in actual

occupation would be devoted to a specially constructed mob-proof cell for temporary

About the Manager.

UNCLE SAM FILES SUIT. Government Sues Bondsmen of a De-

faulting Postmaster. Yesterday a suit was filed in the clerk's office of the circuit court of the United States by Attorney Joe James, against Judge James K. Hines.

The amount named in the petition of the government is \$751.60, and is the amount of the shortage of John B. Roberts, formerly a postmaster at Sandersville, Ga. The ac counts of Postmaster Roberts were found to be short that amount, and the error was ascertained by a government expert. The bond which was required of Mr. Roberts was placed at \$8,000. The bond was signed by John H. May, James K. Hines George W. Peacock and Samuel Lang. When the postmaster was found to be short the bondsmen were notified that the amount would have to be made good. Yesterday suit was filed by the government against Mr. Hines, as one of the bondsmer The case will be heard at the Octobe term of the circuit court of the United

HAVE POLICE POWER NOW.

Cap Joyner's Men Sworn in as Special Police with Full Powers.

members of the Atlanta fire depart ment are now clothed with police powers They were sworn in as special police of ficers yesterday.

Chairman Johnson and Officer Carlisle

Chairman Johnson and Officer Carlisle went out on a tour of the different engine houses and administered the oath of office to the men who fight fires. Every man connected with the department at the different engine houses took the oath of office and will in future keep an open eye for thieves as well as for blazes.

The firemen stationed at the exposition grounds will be clothed with the same power today and when that is done the city will have about one hundred more police than it now has. The firemen-police will assist the regular force when it is in their power to do so. power to do so.

The plan of swearing in the firemen as

special police during the exposition was suggested by Chairman Johnson some time ago and it met with the entire approval of Mayor King and Chief Joyner. The lat-ter official promises that his men will cheerfully render all the aid in their power in the most perfect manner. On the third cheerfully render all the aid in their power in preserving order during the busy exposition period. His men will not patrol the streets, of course, but will prevent violations of the law whenever possible while in the performance of their regular duties the cruel punishment of prisoners awaiting by the gratings that hold them from the trial and who are often innocent has been heard. They assert that now the time has come to make such an exhibit as would interest all, as will the mechanical devices

in the performance of their regular ties.

The oath administered to the firemen was the one taken by regular members of the force.

The exposition police force will go on duty at the grounds tomorrow with the opening of the big show. Captain Jenniugs has almost completed the details of organization of his force at the grounds and when he announces ready tomorrow and when he announces ready tomorrow he will be prepared to handle all the dis-orders expected at the grounds. He has an efficient force for duty at the grounds.

If the Baby Is Cutting Teeth. Be sure and use that old and well tried remedy, Mrs. Winslow's Soothing Sirup for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best rem rhoea. Twenty-five cents a bottle.

NOTICE. To All Holders of Ironclad or Signa

ture Tickets. The joint validation office for terminal lines is now open at the Markham house, near union station. All holders of such tickets should call and have their tickets signed and stamped before entering cars, otherwise they will not be honored for passage.

Dr. Price's Cream Baking Powder A Pure Grape Cream of Tartar Powder.

PRAY FOR AN INJUNE ION. Boiler Makers Ask the Courts To Give

Them Space at the Show. The Clonbrock Steam Boiler Company, of Brooklyn, wants representation at the

exposition.

Several weeks ago, it will be remembered, this company filed a suit against the exposition company, claiming that the company had not carried out a contract which was to enable them to place their boilers at the show as an exhibit. Yesterday morning a petition from the boiler makers was heard before Judge Newman, of the United States court, praying that a mandatory injunction be issued against the exposition company compelling them to allow the Clonbrock Steam Boiler Company to place two of the boiler Company to place two of its boilers on exhibition. The boiler company was repre-sented by Judge Tompkins and the ex-

sented by Judge Tompkins and the exposition people were represented by Attorney Jack J. Spalding.

Mr. Spalding stated that the exposition managers had sent out a circular letter to all boiler makers, asking if they would make an exhibit of their boilers at the exposition and would furnish steam for machinery hall and other places where steam power would be needed. Many of them power would be needed. Many of them combined, charging \$3 per house power for the steam. Then it was decided by the exposition board that this rate could not be made, and the contract was given the Sterling Steam Boller Company, which was to furnish all power needed for the priv-

to furnish the only boller content ilege of being the only boller content would have an exhibit.

The Cronbrock people then offered to furnish free of any cost 500 horse power. This was after the contract with the Sterling house had been made and the exposition authorities were not in a position to second the offer of the former house. The sition authorities were not in a position to accept the offer of the former house. The 500 horse-power would not have been sufficient to turn the wheels of machinery hall, and the Clonbrock people were informed of the condition of affairs.

After hearing argument for both sides yesterday Judge Newman stated that he would reserve his decision.

DISEASES OF THE LIVER!

Biliousness. Dyspepsia, Constipation. Headache.

These disorders can be conquered at once by the use of Simmons Liver Regulator. An Efficacious Remedy.

"I can recommend as an efficacious remedy for diseases of the Liver, Headache, Constipation and Dyspepsia, Slumons Liver Regulator,"—Lewis G. Wunder, Assistant Postmaster, Philadelphia.

CAN CURE ASTHMA AND HAY

A Noted Physician Offers To Provi This to All Sufferers in Atlanta

This to All Sufferers in Atlanta

on Thursday.

The majority of sufferers from Asthma and kindred complaints, after trying doctors and numberless remedies advertised as positive cures without avail, have come to the conclusion that there is no cure for this most distressing disease, and these same persons will be the more in doubt and skeptical when they learn through the columns of the press that Dr. Rudolph Schiffmann, the recognized authority who has treated more cases of these diseases than any-living doctor, has achieved success by perfecting a remedy which not only gives immediate relief in the worst cases, but has positively cured thousands of sufferers who were considered incurable. These were just as skeptical as some of our readers now are. Dr. Schiffmann's remedy no doubt possesses the merit which is claimed for it or he would not authorize this paper to announce that he is not only willing to give free to each person suffering from Astuma, Hay Fever, Phthisic or Bronchitis in this city one free liberal trial box of his cure, but urgently requests all sufferers to call at the Elkin-Watson Drug Company, 29 Marletta street, from 8 a. m. till 6 p. m. Thursday, September 19th, and receive a package absolutely free of charge, knowing that in making the claim he does for his cure a strong doubt may arise in the minds of many, and that a personal test, as he offers to all, will be more convincing and prove its merits than the publishing of thousands of testimonials from persons who have been permanently cured by the use of his Asthma Cure, "Dr. Schiffmann's Asthma Cure," as it is called, has been sold by druggists of this city, ever since it was first introduced, although many persons may never have heard of it, and it is with a view to reaching these that he makes this offer. This is certainly a most generous and fair offer, and all who are suffering from any of the above complaints should remember the date and place where the distribution will be made, and avail themselves of the same. Persons living out on Thursday.

BUSINESS CHANCES.

THE WHOLE or half interest of fine specimen of manatee or sea cow, now on exhibition at 77 Decatur street. A. good money maker for exposition. COURTS TO CLOSEL

The Courthouse Will Be Deserted and Office Doors Locked.

NEWTON'S COURT ADJOURNED

The Three Courts Disposed of Very Little Business-What Was Done.

All of Fulton's officials will take cognizance of the opening day of the exposition. Tomorrow it will be impossible to file a suit or have a paper served. No taxes can be paid and no wills will be probated. And all this because of the great exposi

tion's opening day. The justice courts will be closed also and even in other counties court will be postponed until the opening is safely past.

Judge Richard Clark reached the city yes-terday. He has been holding court for the past five weeks in Clayton, DeKalb and Newton counties. Yesterday he adjourned court at Covington until Monday, in order that legal business might not conflict with the exposition's inauguration.

Judge Lumpkin will hold no court on Wednesday. He has on trial before him a case that will very likely be concluded today If it is not it will not be ended until the latter part of the week, for Judge Lumpkin will hold no court tomorrow. An event of such magnitude demands a patriotism that has not been found wanting in Fulton's su-

perior court judge.

Judge Van Epps, too, has announced that
he will adjourn court this afternoon until Thursday morning. Because there were no cases prepared yesterday court adjourned at an early hour after non suiting a case that was up for a hearing on the civil side of the docket. Judge Westmoreland will hold no court tomorrow. "Held my office open Wednesday?" ejac-

ulated Tax Collector Stewart, the smile on his jolly, round face quickly disappearing in a look of anxious and indignant surprise. "Why, a man that would want to pay his taxes on a day when everybody should be celebrating, should not be allowed to contribute one cent toward the country's funds. My office will be hermetically sealed on the

pening day."
Thus with the others. Clerk Tanner will make a corps of hard working clerks happy by an entire and undivided holiday and will himself stroll out to view the passing pa-geant. Sheriff Barnes, who loves a holiday, but is always too busy to take one, will per mit his scruples to be overcome and on Tuesday evening will lock the doors of his office and throw the keys away in such a fashion that he cannot find them until Thursday morning. Ordinary Calhoun will take part in the general closing up and will be joined in it by Tax Receiver Armistead, Stenographer Cooledge, Clerk Tyler Cooper, of the board of county commissioners. Treasurer Payne and Judge Fain—in fact

Courthouse Cullings.

In Judge Lumpkin's court yesterday the case of Dennis Parks against Robert and Lula Finley was begun. Judge Lumpkin held court until after 5 o'clock yesterday afternoon and adjourned until this morning when argument will be begun. Parks claims he only sold the defendant half of the property they now hold, while the bond

title tells a different story.

The suit of Miller against the city was disposed of yesterday before Judge Westmore and. The result was a verdict of \$75 for the plaintiff. The suit was over some alleged damages to property because of some grading.

In Judge Van Epp's court yesterday the case of Lee Willingham was taken up. It was non suited. Today suits against the Consolidated will be called for trial.

Now see that your blood is pure. Good health follows the use of Hood's Sarsaparilla, which is the one great blood purifier.

Angostura Bitters, says a long time suf-ferer from indigestion, thoroughly cured me. Sole manufacturers, Dr. J. G. B. Sie gert & Sons. At all druggists.

His Face Kicked in a Crush at 14 South Broad Street, Atlanta, Ga.

His Face Kicked in a Crush at 14 South

Broad Street, Atlanta, Ga.

A large crowd was waiting to gain admission to the great manufacturers' clothing sale yesterday. As the doors were opened somebody in the rear started to rush those in the front. "Stop that pushing," shouted one of the employes to an outsider. The man insisted that it was not he who was pushing. The guard, with an oath, grasped the man by the shoulders and attempted to eject him from the passageway. In doing so he lost his balance, both feet struck a gentleman full in the face. Nothing like it was ever seen in Atlanta where such a mass of people was seen pushing one another to gain admittance to a store, and well they may be, for never was it known before when fine clothing was sold at such prices. Don't miss it. Money must be raised. Three dollars worth of tailor-made clothing for just it in money. This is no humbug, no fake, no bankrupt, no assignee, no trustee or fire stock, but a bona fide manufacturers' sale. The goods are all new and perfect, first quality, made up in the best manner, latest style and all of this season's production. These astonishing low prices will fill the heart of the people with joy. Elegant chevlot suits for men in sacks and double-breasted, worth is, must go at \$3.98. Men's fancy cassimere suits in neat patterns, double and single-breasted, worth \$18.50, must go quick at \$4.98. Men's business suits in all styles, worth \$19, will go at \$1.48. Wen's evening suits in latest styles, worth \$22.50, must go at \$3.90. Men's fancy clay worsted in cutaways, double and single-breasted worth as high as \$24, will go at \$7.98. Men's fancy clay worsted and trimmed in the latest style, worth \$22.50 must go at \$3.90. Men's free clays, worth \$28, will go quick at \$8.98. Men's fine imported cassimere and worsted suits, made and trimmed in the latest style, worth \$28, will go at \$3.90. Men's French clays. Worsted and thiesets, in regent, frocks and sacks, really worth \$35,50, will go as slow as \$45.22. Men's dress pants, worth from \$5
